

My salvation comes from me

September 13, 2008

If you remember that you are only dealing with thoughts it will really help you. You are not dealing with anything substantial, you are not dealing with anything concrete and, most important: you are not dealing with anything objective. Ever, ever, ever...it's impossible that you deal with anything objective!

What's today's lesson? My salvation comes from me. Yes? Yes!
It comes from me because it's within me! ... It's just a thought!

Say to me: Salvation is a thought given me by God.

Yes, that's true.

What about Josh?

I'm a thought ... I'm a thought given you by God. And that makes me your savior.

You can see this with me...

The reason that I'm your savior, is because I'm a thought given you, by God. When you asked for it, it appeared!

So, when you found me, you found God. You found a reflection of yourself which is the same thing... you see, can you hear it?

You are being offered evidence here within the context of your reflection, that God is with you!

And if you found it in me, you will find it everywhere.

Once you found it in me, you found it everywhere.

Now you may experience that as finding me everywhere. But you are not finding me, you are finding a thought!

You are finding salvation!

It takes a shape, this is just a shape, like any other form, it's a form of Grace.

All forms are forms of Grace.

Now, when you... are making the gesture towards the resolution, consistently, all of the shapes, all of the forms within your dream will reflect that gesture. That's what's happening here. And it's occurring right now... more consistency, better than that, more rapidly. Did you hear that, did you hear that?

It's not a matter of being more consistent, it's a matter of being faster in the conversion, that's what I'm talking about.

In other words, everything is offering the answer. There are solutions all around you. You are just quicker to recognize it. You are not looking for it somewhere else. You are looking for it where it is. And where it is, is where you are, always and everywhere. You are never without

the solution! And that is The Course in Miracles, Jesus, what he is offering, but he must offer to you in the form of a reflection or a dream, the Holy Spirit, yes? It's the Holy Spirit.

He is offering you a dream, but it's a dream unlike any other ...

It's a dream of forgiveness, it's a dream of self recognition, it's a dream of love! Yes are you ok? Everyone comes to this place when they are ready. Are you ready? This is the time that you come to this place? Yes. This is the time that you find the solution? It's all around you! In a way you can receive...ok?

I want only the Peace of God...

I want to see only the reflections of His Love... and I'm willing to let everything else go, I don't want it any more! Yes or no? Yes or no? You are making that decision.

Hey guys listen to me! This is your dream! It's still going be your dream and you are making the decisions! For the best I can do and what I've been doing for you is demonstrate the necessity to allow God, to allow the Light to animate your dream. Otherwise you are lost! That's all I've done for you.

I'm an active demonstration of what it is to allow the light animate your dream. It will be happy, it will be filled with, light, it will be filled with love, it will be filled with companionship, with relationship, with love, yeah? I'm just showing you how it's done, but it's still you who is going to be you making the decision.

I want the Peace of God.

I want to see the Light in you. I only want to see the Light in you. I don't want to see anything else, anything else is a lie!

Yes or no? Everything else is an illusion. The only thing that's real is the light in you! Now, as I make that decision in my mind, I'm shining that solution, shining that solution into your mind, I demonstrate it for you, and you are enjoying that along with me. Sooner or later you let Love in, yes or no? Yes, sooner or later you are sufficiently prepared, and you allow the Light in, whole and perfect just as you are. That's the light in you.

Remember the light in you has nothing to do with what you are doing, nothing. It overlooks that completely. It sees only itself. Are you ok? Are you ok?

How can I help you? How can I serve you? I'll look at each of you individually...

How can I help you stay in the continuing resolution?

Brother speaks: "I feel weak in resolve..."

There's nothing outside of you.

Can you rely on Jesus, can you rely on the strength of Jesus? I mean, can you rely on the strength of Jesus in everything or in any circumstance, no matter where you find yourself? Can you rely on his strength? Yes or no? He is not outside of you.

If he is in your mind, you are awake! That's how he teaches it. If I'm in you, you are awake, and I'm in you. I'm just trying to make you a consistent practitioner so you rely only on me. That's

all! That's Jesus saying: I will not be satisfied until you know what I know. That's Jesus teaching. The same with me. I'm not going to be satisfied until you see as I see! That's called, sharing vision, I'm sharing the vision with you and you are accepting it, you are receiving it, which means you are beginning to see as I see. Yes? And what you see is that I'm in you and you are in me!

You are a whole and perfect creation in my mind. You are an effect - you are effect of my mind which means you are an effect of God! God is the mind with which I think. You are a whole and perfect creation. I'm not asking you to change. You are perfect exactly as you are. You are all Light!

Let me offer it this way:

Sooner or later you stand still within the context of your own dream and say:

"Father here I am!" This is what I've been offering you. Now each of you does that individually, you want strength, you are asking for strength...

But look, that's how it works. You stand still within the context of your own dream and say:

"That's it! Here I am, Father, here I am! Use me! I'll do whatever it takes, I'm gonna sit right here..." That's what happened with me. All I said is: "God, I'm going to sit right here and I'm not going to move, not gonna go anywhere, until you reveal yourself!"

Is this what we did this morning? I hope you did that with me ...I'm going to stand still! I'm not going to go anywhere, I'm not going to do anything, I'm not going to see anything, I'm not gonna move until you reveal yourself! Ok...common!

You will is done! It's what's happening to you right now!

God is revealing himself to you in a form that you can receive!

Are you ok? These are all reflections of your own desire, of your own determination! They are all around you! That's why you are here!!

Anyone else? How can I help?

Remember, there are no mistakes in Salvation! It's no mistake that you are sitting here. There's an opportunity, Jesus says, for healing. That's why you are sitting here, all right.

Are you here to be healed or are you here to pretend that you know what's going on? Who's here pretending that they know what's going on? If you know what's going on you need to point a finger at yourself and say: you are a liar! I have no idea.

The only thing that could possibly be going on is healing! Because the only one that is here, is you! There's no one else here.

All right? Are you ok? Are you ok with this? Michael, are you ok?

So it takes a little practice, a little effort, a little maturity. You are masters, yes you are fresh, you are new, you're new to this, you've just become a master. You've just accepted and assumed your mastery.... Yes? Now you are going to have to start acting like a master. You've been given the vision, now you need to accept the responsibility associated to it. All right ?

There are those that are assigned to you, that are waiting for you, to demonstrate your mastery and they will come to you, they will be given you. This is the assignment that you picked up this morning. They need to borrow your certainty for a little while, yes? Your certainty, just as you borrowed mine, they are those that want to borrow yours. You see how the lineage works? We are here on behalf of God. We are here under the auspices of Jesus...yes? And he is sending those to me, those that I can serve. It's no mistake we are together.

You are here because Jesus sent you! It's a way to say it. There are no mistakes...yes? Gustavo...The same is true for you. Now what you saw, you saw that and you gathered an association, and brought them to me. What did you do by bringing them to me? You brought yourself to Jesus. When you brought your association to me, you brought yourself to Jesus! Do you see how it works?

This is the lineage. You recognize the truth and you offer it to your thoughts. This would be a form of mastery.

I'm the dreamer of the dream and I'm offering the resolution, I'm offering the solution that I've discovered by Grace! Are you ok?

What's the solution? Father, the solution is father... in your hands!

You determine the outcome. And that's the lesson. The lesson is: I place the future in the hands of God. Yes or no?

What you've learned from me is that of yourself you can do absolutely nothing. Of yourself all you can do is retain grievance. Of yourself all you can do is see bodies, and associate as a body, yes or no? Of yourself this is what you do. Ok.

God has another offering, he has another idea. he is offering another vision, all right?

The Light in you is all I see! This is a world without suffering. I'm offering now a world without suffering! In the light there is no suffering! There's no struggle, there's no sin, there's no guilt, there's no death! This is the offering, this is the vision that I'm sharing...

Do you accept this vision from me?

Is it real in you? Has it become real in you?

How do you know it's real? How can you tell? Can you feel it in your body, physically?

How do you know is real?

You don't have to pretend you are not a body around me, please don't do that! Please don't say "I'm not a body". You don't have to do that around me, it's not necessary.

I already know you are not a body. You don't need to do that with me.

I prefer you say "I feel you in my body" I prefer to hear you say that!

Grace is finding you where you are!

You don't need to pretend to me that you are spirit. It's all bullshit! I already know you are spirit! I also know that you are associating with a body, and I'm trying to offer you the integration: The light is with you! Even within the context of your body idea, the light is with you! The light is here with you, it hasn't gone anywhere. You can't lose it! It's the very substance and source of you what you are using in order to demonstrate this human condition.

It's impossible to escape from it, be separate from it. All right! That's why I'm offering you a physical experience!

Physical light! "Oh, physical light is impossible"
Everything is only light! There is only light!

What is the form? A form of Light! You know what I'm talking about.
You are seeing it directly in your experience. You are looking into the images in your own mind and you are seeing the light, you are recognizing the light everywhere you go.
This is what I'm offering you. It's up to you now to be ready to receive this, are you? Do you want this vision?

You have to share this vision in order to keep it!
Otherwise, it's just a glimpse and you lose it again...and say, "what happened to it? I had a light experience and it's gone, where did it go?"
It didn't go anywhere!
It's still with you. You need to teach it... demonstrate it, so that you can remember that it has already happened...You already know who you are. You know perfectly well.

Come up and play with the masters, you are being offered your mastery. You've taken responsibility for your dream, for your universe and now you are allowing it to be directed, ruled ...by love. Common, this is the decision that you are taking. Ok? Who needs help with this?

Talk to me. I'm here! I'm here with you. I've come to find you, I know because you've asked for it. I'm here with you! Common... Make use of me! Don't pretend you didn't ask for Vision. Do your teachings...

(Lylian speaks)
Listen, listen carefully to what your sister has to tell you, she knows what she's talking about! ...

The important thing to recognize, to see, is that you are included in this atonement. I mean you can look and you can see, you can look around and you can see... that you are included in this atonement. Now there's still a residual tendency to feel excluded. And find all sorts of reasons why you are excluded. Your mind has a tendency to invent all sorts of reasons to exclude itself from the healing that's present here and now. You can each look at that obviously, in your own mind, and see where you are with it. Call it a language barrier, a difference in technique...

You know, I have to offer this to you, try to listen for a moment.
I have a different technique.
I don't have much taste for crucifixion, it's lost its flavor for me!
So, when I look the story of Jesus, as I did this morning, at the point of the crucifixion – I look at it – and my mind immediately shifts into another way!
I immediately go eastern!
Can you hear me? Maybe Jonas can...

When the crucifixion arises, my mind immediately goes eastern!
There's no crucifixion in the eastern tradition... You simply sit and convert the physical thought

to Light! You bypass all the objections associated with attempting to explain, attempting to teach. You translate all of that in the field of energy and you go to light! That's what's going on here. This is a field of energy. And you can simply enter in, without doing anything, and go to light, that's what's going on here!

It's my experience. I'm offering you my experience. I sat still, I called upon God, and went to light!, That's it! There was nothing else necessary. There was no crucifixion in it, there was no dogma, there was nothing! All I did was sit still and call upon God, and the solution was given. What am I offering you now?
That same experience.

All I did this morning was welcome you in, sit down and call upon God. I'm generating a field of energy and you are welcome to use it.
In other words, I'm generating an effect of the Truth of A Course in Miracles.
I'm not reading it, I'm generating an experience of the Truth of it.

I'm showing you what it feels like to do as I'm instructed in A Course in Miracles. It leads to a miraculous occurrence, a miraculous condition.

You are not outside of me! It becomes self evident, certain.

That there's only one of us here gesturing toward God! It's very clear to me. This is what Lylian just said, all I see in you- you are asking for help- I see it, you are on your knees, you recognize it.

That gesture is the only thing that's Real. Stay there! And everything else will reflect that gesture. Do you hear what I'm doing with you? I'm showing you the spiral out of time. You have to stand still and let that gesture become all that you are. There's nothing left, Jesus says, but the Son calling upon the Father. It must consume your body! ... can you hear me?

Now, what's it going to take?

I have no idea what is going to take for you individually, I'm showing you what it takes for me. This is what it takes! To have this, I use this! I sit here and I gesture toward God! And I become that unequivocal gesture itself, I become that. Ok? You call that Holy Spirit.

I can only serve because that's all that I am. I know that I'm serving you, I am absolutely, completely, and wholly aware that I am in service. I have no other reason for being here, I'm not inventing reasons, I'm here for you. I'm here on God's behalf. Do you recognize me? God sent me to you. How do I know? How do I know God sent me? Because it's what I am! I'm not fooled, in other words, if I'm here, you must have asked for help! Cause I am the help that you are asking for. Are you ok with me?

Now, your job, your function, is to recognize it and be grateful.. Recognize. Look, look at me, common, I'm trying to help you to stay up in light, look at me, look right at me! This is what Lylian is trying to offer...

You made a request, your prayers are answered! Recognize it and be grateful!
I am the solution that you were seeking, yes? And this is all that I'm offering you.

Breathe and be happy! Breathe and thank God! Look, fuck, I don't know what happens next, I

have no fucking idea, how do I know, who cares?
Whatever it is I know it will be a Miracle, that I know. Because I'm seeing that I'm getting the results of my own mind.

What's gonna happen next! What do you want to happen next? Now, this is a question that you have to ask yourself. What do you want to happen next? There is no reason to be in the dark being confused by it, it's very clear. What's happening is what you want to happen! Period. End of story.

I am responsible for what I see. "I feel stuck" Well, ok. Have another look! The answer is here, the answer is present in some form that you can understand. GRACE is present!

Are you ok? Anyone else?
Talk to me, don't be afraid, say what you need to say. Who else? How can I serve you?

The Course in Miracles is true!
I cannot take a step without God! It's impossible.
It's impossible to take a step without God! And that works both ways. It's impossible to take a step without god, because it's impossible to be separate from God!
And, it's impossible to take a step without God, because if you think you are separate, you need help! It's impossible to do anything without God! God is with you. God is offering you solution you've been seeking.

Father I just need to take another breath.
You can't do it without God. You can't take a breath without God.
Say to me: God is in the air that I breathe- Yes- God is the air that I breathe! Yes
I'm trying to offer you the solution. When you stop judging you will see that, God is in everything I see, and that will make you very happy. And you'll see it directly. You are not fooling yourself, you are not pretending, you are seeing it directly! Wow, wow, there it is, oh, look... there it is again... there it is again, God is in everything I see, wow, wow!

I can't escape God! That's the experience I'm offering you. Ok? Are you ready for this? Or you still want... I don't know, what does Jesus call them, private thoughts? You want private thoughts, they are more interesting to you?

I have no interest in private thoughts!
I will not judge today, I will not judge today!
God is with me in everything, as everything. God is offering me the solution.
I will not deny the help that's been given me!
Good, that's your whole teaching. Guys, thank you, thank you. Yes...

(Lylian speaks: ... "once you receive a stable purpose, the world can only reflect this")

That's nice, listen this is true! This is the whole transition!

(Someone speaks: "I want you to take me wherever you want to take me")

Good.....don't judge! Never judge again, ever... That's where I'm taking you.

If you remember that everything is only a thought, it will help.

Everything is only an idea, and all ideas come from God. There's no place else, they can come from, cause: God is the mind with which I think

God is the only mind there is!

Right, that's why you can't judge, you don't know!! You're mistaken.

Common, it doesn't get any easier than this.

It's impossible, Jesus says, you can't judge! It's not possible, it's impossible. That's why your condition is impossible. It's impossible to judge, you are not separate! You can't judge yourself, you can only be yourself! ... if everything is only a thought.

I assure you, everything is only a thought!

This is a vehicle, now and... I'm just driving you home.

I got you, I got you no matter where you are, I got you.

Wherever you are, you can only be here with me.

You will transcend your fears, stay with me, you will transcend your fears!

Is everyone ok? Is everyone ok? I'm doing the best I can... If you need help ask for it...you need help, who needs help? Who needs help

Teach, you need help, teach! Teach! You know, A Course in Miracles? Teach!

Hey guys, listen to me carefully, I'm not what you think I am. You came to me this morning and I gave you your assignments, I handed out assignments. Now, it's up to you to accept them and to fulfill them! Ok, here is your opportunity. You need help. Teach, It's your mission, your assignment, why you are here....let's hear it

I know who you are, you can't fool me, I know who you are! And I know why you are here.

Common...

You've been given a mission, you've been given an assignment, you've been given a function. I'll begin it for you. Say to me: I'm here on behalf of God.

Healing is my only function here. Happiness and my function are one.

I'm just showing you how it's done, it's how you increase frequency. But you have to do it! You can't pretend you are doing it, if you are not! You can't fool anyone.

Why are you here? Who needs help? Common, who needs help?

(Carolina speaks:" I don't want to go back to that same place. I am determined not to be that place that I'm going back")

That's exactly right! You are going back to a new place, of course. It's impossible not to be new.

("I ask for help to let things be new...")

Yes! You got it, you got it! That's why I'm here.
And the same is true for any of you.

How wants to see a new world? I can help you with that. It's why I'm here.
I'm the context in which a new world is seen.

Everyone here is bridging a gap. The Holy Spirit is you bridging the gap.

Who else needs help... are you ok? Got it? You know what you have to do now?

Share the vision...

(Lylian: .."It's beautiful how, brothers we never saw, tell us they don't feel alone anymore because they are with us")

Blessed be the ones that without seeing, still believe!

Listen, what you think of this is what you think of yourself. Wherever you find yourself, what you think of this is what you think of yourself. That should make it easy for you.....it's nice to be heard

Anyone else?

(Someone speaks: "our family, that has made me recognize – in me -, what I'm doing, specially Josh, because I recognize this symbol I have chosen and that I have such hard time recognizing")

...If you remember it's the last thing you have to do, you'll understand the difficulty. Don't be too hard on yourself.

You have all the help that you need, the help is all around.
Inside and out of time. There's a little help.
Thank you, I love you.

The Light has come!

It's going to be difficult for you to deny the Light has come, from this moment on. Time is about up...

...you know that it's not true that nothing is happening. You know that, yes? I'm looking at it with you. You are perfectly aware that something is happening... and what's happening has nothing to do with you... yes or no?

The problem that you have, right there, is you are attempting to observe it... trying to see what's happening.

What's happening can't be seen! What's happening has nothing to do with what you think is seeing. There's a lot going on, trust me! The best way for me to offer that to you is: I'm preparing a place for you. And, because I'm preparing it for you, you will find it! Yes. It will take a little trust from you... but there is a place prepared for you, you can slip right into, you'll

recognize it and be glad. I got you, I got you!

Emilio used to be a fisherman, you know that? You are a much better fisherman than you are a carpenter!

Does anyone else have anything to say? I'm very happy to be here...

Who else, anyone else? Any one else wanna teach? Common, teach. If you feel stuck, teach. This is a context now, for you to teach. It's clear, it's free of judgment. It's here for you. You can see where you are in your own mastery, now common, you are dreaming a dream, you are the one dreaming the dream, don't pretend it is not so, you are dreaming a dream! This is an opportunity for you to demonstrate your mastery, common...

Common, who's navigating?common, common, common....

Navigate a little bit, what else are you gonna do?

This is what you got to work with.... look, this is what you have to work with, you got this.

These are all reflections of your mind Navigate. Use what you've got. Yeah, this is a good bunch. Use the Course, use your mind. Navigate! Use what you've been given!

... You've been given everything that you need, right here, right here in this circumstance, you've been given everything!

(Daryl speaks: in situations like this, i want only to stand still ...)

... When you are done with it you are done with, my friend, that's as much as I can tell you. You are making that decision in your own mind. You are the cause but you are not the role that you are playing. When you make a decision in your mind, when you are done with it it's done! Something will happen immediately, a miracle will happen! And it will stop!! Because you are making it, it's a thought in your mind!

(Dar; this is when I want to stand still...")

Standing still is "I'm responsible for this and I don't want it any more". I'm teaching A Course in Miracles. Do this with me: I'm responsible for this and I don't want it any more. I'm trying to show you how to increase frequency. Common, can you hear me? It's active, in other words... it's not passive.

You are not just passively hoping something will change, no. You are initiating the change, you are the cause, of course. I can't do this anymore.....fuck, I can't do this anymore! Yes? That's the kind of fullness, the unequivocal nature of the release, yes? I can't do this anymore! Yes or no?

"No, I can't do it, will some else do it for me...oh it's a miracle because someone is doing it for me"

No! I'm doing it when I make the decision, do you hear me?
The power is yours! All the power in the universe ... is all given you...

Yes? Common I'm trying to take you up to the threshold!

You are always here, you always return here again and you make another choice: I can't do this any more, I can't do this any more..... Father, I can't do this anymore....Father show me another way! And mysteriously, miraculously everything changes...yes?

The power is given you, your will is done!

This is a dream! You are dreaming a dream.

You are going to allow God, the Light to determine the outcome.
I see only the Light in you..... yeah, that's better

I will not be fooled, I know who you are, I see only the Light I'm not confusing it, with the identity you've given yourself, I know who you are, you can't fool me!

You are the Light of this world

This morning you made a commitment with me, yes?

This is the path of NON SUFFERING. No one suffers any more! Is that right?

You made that commitment. You want to make it now? You are being offered another opportunity...

This is the path of non suffering. No one suffers any more. I will not see it, I will not allow it!

This is the decision that I make and I don't need it any more, no more!!

I don't know what is going to look like, I don't care!

No more of this.... no more suffering no more death!

Father..... Show me! Show me an outcome, show me a happy outcome!

Yes, common.... the power is in you, the power of decision is in you!

Why would you feel guilty about being happy all the time? I don't understand Why would you feel guilty about being happy?

Why would you feel guilty about a world without suffering unless you enjoyed suffering?

Enough of this, that's madness!

Listen to me, there have been a lot of adjustments and you may not be aware of them just yet, but you will be. Your dream has been adjusted by the light. Keep your eyes open, look for the cues, they will begin to reveal themselves, all the miracles, yes..... Good! Have faithtrust!

The answer has been given you and you have received it! Yes?

Thank you thank you!

I love you, it's a privilege to be here with you, I love you, I love you, I love you, I love you!

It's working!! it looks really, really good!!

Your objections are insane and you know it. You know it you are fully aware! Why would you object to Salvation?

Thank you Father, I love you guys

Namasté, it's a privilege to be here...

Wouldn't hurt you to be quiet a little bit!
Give the Light a chance to integrate

Is everyone ok? Yes? I love you guys. You've been given so much....
Rest and allow it to integrate, trust!

(Zuri says: "I'm nervous ")

How do you know feeling nervous is not ok?

The answer is: one step back!

Say to me: I don't now what anything is for

Thank you

Guys, I love you.... thank you
