

Enlightenment is a tolerance for rarified air

January 25, 2008

You are in an intensive encounter with yourself. See if I can give you a conceptual sense of what occurs in these gatherings, yeah?

The first thing that should be evident to you by now (I'm making that assumption that if you are here with me in this frequency, then you are an advanced practitioner) is that when you walk through the door, when you enter into this gathering, you lay aside all differences! Here, we are all, the same! Yes? In this place there are no differences!

Here, in this place, at this frequency, there are no differences!

Now, you can drop down into your dream, individually, you can drop down into your time and space relationship with yourself, and you will perceive differences, of course. That's what time and space is.

Time and space IS the perception of differences! But there's an assumption, as an advanced practitioner, that when you walk in that door, those differences vanish. And we share a common goal, yeah?

That's why you are here. You are here because we share a common idea of redemption, of salvation, of God realization, yes or no? That's why you are here!

You are not here to bring the particulars of your egoic identity, no one gives a shit about that, who cares? It's going to be a lie, in any case ... yeah. The ego is a lie! Yes? Your ego is a lie! It's bullshit ... That's fundamental!

There's an assumption that when you walk in that door and you sit with me in these gatherings ... that you are ready to join, literally, literally, literally, unite, in a common experience of self recognition!

There's only one of us! There will be only one of us!

There is only ONE of us!

There is a singular self identity, and that one is GOD!

Are you ok?
Now, you lay aside your differences and you realize God!
That's how simple it is.

What am I ... well, I'm a demonstration of that, yes? Yeah. It's all that I am. I'm nothing but a demonstration. I come and sit with you and lay aside all differences.
I look right at Catalina and I see myself, that's all!
It's not difficult!

Why is the practice necessary?

Well, because, in your time - space identity you look at the difference, you insist in that I'm something other than yourself!

Not true. And this is the place where you can discover that, is not true, hopefully, hopefully, hopefully, if you join with me you will make that discovery.

I'm demonstrating it.

It's plain to see, it's plain to realize, it's plain to recognize. It's not difficult. It's not obscure, it's out in the open, I'm not other than yourself.

Why is it that I can look at you and see myself? And you have difficulty seeing yourself, in me? PRACTICE. That's it! Practice. It's the only difference between us.

I'm a consistent practitioner.

I will not perceive differences!!

I will not make shit up!

You know how this works. Friday night is preparation. Friday night is when I clean the debris. And the rest of the weekend there's no teaching.

I simply offer you the solution. You either accept it or deny it.

That's it!

Now I'm giving you the only conceptual explanation you will ever need of enlightenment, I'm offering it to you:

The reason that you are enlightened is because, we are not separate.

We are not separate! We are inherently joined! We are inherently ONE!

And this is what you discover if you join with me, in this healing practice that we call the intensive.

What is portal del cel?

Well, cel is an advanced frequency. It's a transitional frequency and is very advanced.

Why is it that the world isn't here with us? Why isn't everyone knocking at the door to get in this place? Why? Two reasons.

One, we are not charging a thousand euros. If we were charging a thousand euros they'd be breaking down the door. And two: nobody cares about enlightenment.

Nobody gives a fuck about enlightenment, nobody wants to be enlightened!

Everyone wants a little bit of light that they can use within the context of their individual dream identity in order to placate the ego. That's why they pay a thousand euros, of course ... it's supports their identity.

That's not what I'm doing! No.

I'm not interested in that. It's too late for that!

I'm offering you a demonstration of what it is to transcend this world and realize a singular self identity. Not difficult, but it is different, different, different! Yeah?

You need to develop a, what's the word there's a word for it ... a tolerance, a tolerance for the light! You are intolerant of light and you need to develop a tolerance for it! And, how do you develop a tolerance, the same way you develop a tolerance for anything, you expose yourself. How do you develop a tolerance for higher altitudes?

You go, you walk up five thousand meters and you sit there to breathe the air. And, then you walk up to seven thousand meters and you sit for a moment and you breathe the air. Suddenly, before you know it you are twelve thousand meters. You've developed a tolerance for the rarified air.

Enlightenment is a tolerance for rarified air!

All right ...

And the air is infinitely thin where I come from, infinitely fine, there's no debris!

It's nice to be heard .

I can teach this anyway you like.

I love you.

So, you are developing a tolerance for the Light. This isn't something that you can do all at once, although ultimately it only takes an instant.

But that instant can appear to be stretched out in time. But from my perspective at the higher elevation, yeah ... all that's happening is: the one instant of transition is becoming more encompassing.

Jesus calls that The circle of Atonement.

So here, you can look at it now, you can join me in an experience of atonement!

That's A Course in Miracles. That's these intensive weekends. We are all here. It's a direct experience of atonement.

Not by talking about it, but by demonstration. Are you ok?

You understand what we are doing here now? So, I can give you examples now.

And ...you begin to recognize that all of the elements, now look around you, all of the elements of your time - space identity, are in this room, look around!

Everything! From bottom to top, everything is in this room!

You don't get out of here alone! That's the whole point, the whole teaching!

You don't get out alone because you are not alone!

I'm here with you! We are here together and we are going home together!

I don't care where you register, in other words, where you show up in your vibratory frequency, I don't care, I don't care!

I accept you just as you are! I know you perfectly, I know you are perfect and I accept you exactly as you are!

And, I'm not judging where you are!

How could I possibly judge, it's not possible. I'm only looking at myself. And there's all sorts of evidence of this.

Healing is inevitable, because I am resurrected and you are resurrected along with me!
I'm not confused by time and space. There's only one instant and everything is included in that.

I'm looking at integration now!

Coming from the Light, all I do is allow myself to drop in, and keep going!

What happens?

I drop right through the bottom!

There is no bottom!!

The bottom doesn't exist

The bottom is as much light as the top! Can you hear me? I'm talking about Grace now! And, the effects of Grace.

When you allow Grace to drop in, it just keeps going.

There is no way of bumping into anything, nothing to be guilty about!

"Oh, but I'm all bound up in my sexual center"

What are you talking about?

Who is there to observe, what are you observing, what are you judging? There's nothing wrong with any of it!

All Light! You see?

Freedom from guilt!! You are not guilty!

I don't care where you are hanging out.

I don't give a shit. All light, all light!

Say to me: There is only Light!

Right! And that's going to be your experience this weekend

There is only Light! No one is judging you!

"No but ... I feel guilty because I wanna screw everything I see"

Me too! I wanna penetrate everything I see! What is that ... God!

God penetrates everything He sees! Of course!

(laughs)

That's what I'm trying to tell you: YOU ARE NOT GUILTY!

We are really laughing out of time, we are not really here!

We are looking at insanity, at guilt, the absurdity of guilt. We are looking right at it and we are laughing!

That's how you get out of here: you exit laughing! You see the insanity.

Say to me: I'm doing it to myself! What else can I tell you?

Guys I love you, I love you so much

Thank you!

We are looking at healing now.

Healing accepts everything, denies nothing, that's what healing is!

Here is a definition of healing: infinite acceptance! That's LOVE!

Love is infinite acceptance!! No judgment! Common

Why aren't they knocking at the door?
... Well, I'll let you figure it out.

This is an advance offering. It's an advanced offering because it's a demonstration of Infinite acceptance!

And the last thing that you want or the last thing that anyone wants ultimately in this place, is to be accepted to infinity. You do! ... You are right here.

The reason you are here is ... that you feel unworthy, unworthy of that acceptance. Not anymore!

All right?

We are in transition now.

Peace to such foolishness!

We are here to recognize, to realize, that you are whole and perfect exactly as you are! And, nothing needs to change!

Not in you ... and not in anyone! Ah! There it is, there's the rub!

Nothing needs to change in you, and nothing needs to change in anyone else!

Yes ... that's healing!

Everything is perfect exactly as it is!

Now, these are pictures, yes? We are looking at symbols, you are looking at pictures. These are pictures and this is a dream, it's a dream, yes?

You've been given enough evidence now that this is a dream. Yes?

I'm gonna learn something teaching this, now...

This is a dream. Let's enjoy this final dream so I can look at daryl and see a perfect archetypal and symbolic representation of myself!

It's so self evident I don't know what to do!

This very exciting!

This is very exciting to me because wherever I look, I'm seeing perfect end of time archetypal representations of myself in transition!

I'm looking at you and you are saying: I'm with you, we are together, let's go home!

And when you say it, how do I know ... I know. Right? I'm not fooled, I'm not fooled by anything.

When you say it, I know it's true!

And that's what this is! Right ... your symbolic representation.

You are a symbol, in this place!. You are representing yourself as a symbol. I'm accepting you just as you are, you don't have to do anything, just as you are, you are perfect, that's how you get to go home with me!

Here's the catch: I'm going home.

You want to come home with me? Good. I'm taking you all.

I'm going home and I'm taking everyone with me!

When I leave here tomorrow morning there will be nothing left!
Everyone will have come with me! You will have to tell me "Wait a minute, wait a minute, come back for me", in order for me to realize that you are not with me.
In other words, you have to ask for help!

If you ask for help I will return for you!
What do I care? I'm coming and going all the time! I will come back if you ask for help.
But, when I leave here, you will have left here with me!
That's as much as I know!
In other words, when I leave here there's no world, the dream is over, there's nothing left!

Now, you can say, well ... "there's something that I need to do ... will you come back and be with me while I complete it?" ...

The answer for the time being is: yes! (laughs) It's nice to be heard!
For the time being the answer is yes! There may come a time, when you will receive no answer from me at all! Because I will be gone.

I won't be the one to hear you, but you will be heard and you will be answered!
But it may not be me that answers! I'm trying to teach now. Do you understand? ... more or less...

In other words, I'm here to serve. But, there may come a time when I'm given an assignment where I'm no longer aware of this frequency of dream association. And that time is close, that time is very close.

And it may be closer for you. You may be offered an assignment on the other side in light where you will lose the time space reference of yourself altogether.

Jesus would say this about it: What you remember will never have occurred.
Enjoy this with me! In other words, this is already over!

What I'm offering you is the enjoyment of the continuing resolution!
So, you drop in, you drop out, you convert and you leave. And you are not concerned about what's going on here at all. Yeah? It's not up to you.

GRACE. It's GRACE!

This is my direct experience. Grace has delivered me, Grace has saved me. Grace has also delivered me, has sent me back, is another way of putting it! Grace is taken me home and Grace has also sent me back. I'm here by Grace. I am Grace! I am, I identify with that, with that agency!

Now, there may come a time, when Grace no longer appears in this form, yes?

I'm not concerned about that. I will still be Grace, I will serve as that agency! Simply, not in this form. And the same is true of you. The same is true of all of you. You are here on His behalf!
Everyone here is serving ...

You know, everyone here is Holy Spirit!

Everyone here is bridging a gap, serving as that agency. Cause that agency is all there is!

All things work together for the good.

In other words, everyone is serving God! Whether they are aware of it or not. Another way of saying it is nothing happens by accident!

“Something negative is happening to me”, No. Nothing negative ever happens. Nothing negative ever happens!

I’m trying to free you!

Nothing negative has ever happened!

So when you bitch to me I have no understanding, I don’t understand what you are talking about.

Nothing negative ever happened. Everything that happens is for your benefit. Including the flat tire, yes including the flat tire. Everything!

In other words, you need to see things differently! You need to learn to see things differently, so that you stop judging what’s going on!

You start accepting the gifts that are being given you all the time. Every instant. A flat tire is a gift!

(Telling a story...) Oh, shit I left my bank book and my passport at home, how the hell am I gonna buy the car? How can I buy it? Miraculously! Yes or no? Do you get it, once and for all?

Nothing happens by accident! Nothing. So you can sit there and say “Oh shit, I left my passport at home or you can simply stand still and smile!

Do you see the difference?

Same thing – different perspective! That’s all. Just trying to improve your vision, improve your perspective!

Nothing happens by accident.

Remember when old man came to mataro and the money was stolen? Remember the money was stolen right before he came? And we all just kind of breathed through it and what happened?

A miracle.

For the first time in the history of endeavor academy, they actually made money!

The old man laughed, he said: “ it never happened before, we’ve never gone out and actually come home with money, never”

He has to pay to come out and save the world you see. It’s been like that for years, for as long as I know..

No one reacted when the money was stolen. We laughed. When I told him about it, we laughed together- That’s why we made money. Because no one reacted! You see this? I’m just offering you another perspective.

All right?

Nothing happens by accident! Right?

Nothing negative ever ... yes? Nothing’s gone wrong, in other words.

Nothing’s gone wrong.

And you can be here and insist something's gone wrong, and from my perspective, I look at you and I don't know what you are talking about!

Look up! Look up!

You are looking in the wrong direction. You need another perspective. And that will be this weekend.

This weekend is a demonstration of a higher perspective. A more encompassing perspective, yeah, that's nice, a brighter perspective.

So, what am I again? I'm about as bright a reflection as you will come across.

All I'm doing is reflecting back the perfection of everything.

Not just your own perfection, but the perfection of everything.

Everything is perfect exactly as it is. Nothing needs to be changed.

You understand, are you ok? It'll help you in your integration. You are having light experiences, and now you find yourself here and you think something has gone wrong.

Nothing's gone wrong! Nothing's gone wrong! Nothing's gone wrong! You are still in that experience.

Now I'm offering you my awakening event.

What occurred in my awakening event is: I left and returned, left and returned, left and returned until the bottom was raised until there was only that!

Got it, ok, good.

It's nice to be heard.

All I'm doing is demonstrating nothing's gone wrong! No, nothing's gone wrong.

You are in light! Right now you are in light!

Nothing has happened yet!! Good.

That's called integration. Raising the bottom.

In other words, Ana you had a death episode. You died. And nothing happened! You can't die. Do you understand?

Everyone here has had a death episode, and has discovered you cannot die! Yes.

It has nothing to do with dropping your body. There's no body to drop, there's only Light!

And that's the integration that's occurring. Yes?

Look at that, that's very nice. Thank you Cristina.

That's what cel is!

Cel is the stabilization of the transitional frequency.

You can walk in, sit down and experience the continuing transition.

Until, until, until of that I cannot speak.

Until, there is no longer a need for the transition. Ok. Got it?

Keep exposing yourself. I'm going to grab you by the balls and increase the frequency. Pull you

through a worm hole, by your balls, and emerge later in time.
That's going to happen this weekend, that is literally what's going to happen this weekend!
Yeah.

All right. That's a tee-shirt too. Well, I got a thousand of them...
(laughs)

I love you guys.

It's only about the light!

It's not about the form, because there is no form. The form is continually converting to frequency.

It's called a new way of seeing!

That's called vision!

Vision is seeing only the frequency. You are overlooking form altogether.

All you are seeing is frequency.

Vibrational frequency.

And Jesus calls that Vision, a new way of seeing!

I call that Love or communication!

When I look at you I could care less about the content of your dream. I go right through the content and see the frequency! I recognize the frequency.

And the reason I pull you through the reason I can save you, is because I recognize the frequency you are vibrating at, and I accept it!

And what happens, if you allow yourself, if you allow me to capture your frequency, in other words: sympathetic vibrations! Yes.

Capture your frequency and, before you know it, you are vibrating at my frequency!

If I capture your frequency, I save the world. I capture your frequency and I elevate it to a higher frequency.

That's called Jesus in the resurrection! He gathered in all of the frequencies of temporal associations and takes them to a higher frequency. He takes them out. That's what I'm doing.

And I'm not all concerned in how it pictures, in other words, how it formulates. There's no hierarchy of dreams! A dream is a dream.....

I love you, thank you.

The reason that I can serve you is because I've been transformed.

In other words, I represent the entire range of frequencies that you will encounter within the human conceptual relationship.

So I will find you!

Because I am that entire range of our unity, the entire range of all the frequencies, and that's what makes me the savior of the world.

No one has been deeper than me!

I have been as deep as you can possibly go in this realm!

Deeper even, than you, my friend!
I have been deeper than you.
That's why I can help you.

I know you are in hell! I know and I bring the solution.
Don't worry, you'll accept that I am the solution and you will join me.
In other words, you will let the guilt go!

Stop feeling guilty!! Stop being separate!
I'm offering to you: you are not separate, you are not guilty!
I've got you!

I love you, I love you guys, thank you.
I love you guys, thank you.

We are leaving together, we are leaving together tomorrow morning, just after breakfast.
But not before!

This will be your last night in hell!!

Why wait for heaven? Heaven is here and now!

In other words, even hell is heaven!
You almost got that!

Hell is heaven because there is only heaven!!
How about this ...

Hell is what you've made of heaven!

Good. That makes it easy for you (laughs)
It's nice to be felt!

You are out there, catapulted into heaven! That's it! That's how easy it is.
It's just a thought!

I love you guys, thank you. Let it be simple because it is! I love you guys.
Are you happy, is everyone happy? Thank you. I'm very happy, I'm very happy.
Thank you.

I've got this idea that is making me very happy. A whole idea that I brought with me from out of
time called: A land rover. Just as perfect a thought as you will come across. Has to do with
....adventure getting away, going where, no man has gone before...

Tomorrow Jordi and I are gonna have a race up the mountain!
He's got a high tech model and I've got this beat up old model and we are going to compete.
It's very beautiful. I love you guys.
Are you happy? Any questions about this? If you have questions, this is the time.

Thank you, thank you.

It's Real, it's Real!

You find yourself right there at the end of time!
What does it mean to be at the end of time?

It means: you are happy. That's all. It means you are happy. It has nothing to do with the end of the world, with Armageddon or catastrophe, no!

What does Jesus say? How does the world end?

The world will end in laughter.
Of course. If that's what you want.

This dream will end in laughter!

Thanks guys, I love you. That's what is happening. It's getting easier and easier. It's more and more stable now. I'm not concerned about numbers about people knocking on the door, I don't care.

The whole world is represented here.
Right here.

The old man used to teach you only need twelve! If you got twelve you got everyone!
Yeah, we are good! I love you guys, I love you guys, I love you, I love so much
Thank you thank you thank you thank you...

What's being offered now, here in this place, at this frequency, is a place of respite. You can simply rest a while! Jesus says: Before you journey on.

You are on a journey. You got your own personal "cuatro por cuatro".
You got your own personal vehicle of ascension. Call it your body/mind. It's a vehicle of ascension. It's everything you need. You got a vehicle!

Yes?

I'm just, what am I?

I'm the repair shop. That's what I am. I'm repairing your vehicle, so that you can journey on.
What's the holy spirit? A repair shop. What's the holy spirit, the corrective principle, the corrective agency?

A repair shop!

I'm repairing you so that you can journey on.

How do I repair you?

You are whole and perfect just as you are. Nothing needs to change! Your vehicle is perfect.

Your idea that it needed repair, is the only thing that needs repair!

Are you ok? This is good teaching, isn't it?

"Oh, but I've got a faulty clutch!"

Always gonna be something, always' gonna be something with you, always' gonna be something ...

Something will always be wrong! And all I say: Nothing's wrong! Nothing's wrong. Nothing's wrong, everything is right! It's what I keep saying ...

And everyone out there is saying: "Well, something is wrong with you".

Don't listen to them, listen to me!!

I'm right, everyone else is wrong!

I'm right and everyone else is wrong, only in this case it's true!

I am right about you, God is right about you, God has a better idea!

I love you. Thank you, are you ok?

God, this is as much teaching as I've done, ever.

Can be fun!

Thank you, thank you, thank you, thank you ...

You need to get used to the fact that everything is miraculous. Cause when the miracle doesn't occur something's gone wrong. That generally means you have gone wrong.

I love you, thank you.

The world is a miracle!

Jesus says; the world is filled with miracles.

The world is a miracle because it's a picture contained within your own holy mind, yes?

It's a picture of you, and that's miraculous!

A whole and perfect picture of you! If you begin to examine the fragments, you get lost for a moment. Through the correction you get directed back to yourself.

Tell me; I'm responsible for what I see. That's it. That's the whole teaching.

I am wholly responsible for what I see! That makes me whole and perfect!

I'm just gonna offer an example. It keeps coming back.

In order for me to have a relationship in time and space, in order to associate in time and space, I must accept responsibility for the conflict that is an inevitable aspect of associating in a time-space sequence. And, if I can't do that, then I'm not the savior of the world.

What makes me the savior of the world is, in order for me to associate in time and space, I accept responsibility for everything that goes wrong!

Cause, the moment I drop in here, everything goes wrong!

This place is inherently wrong.

What makes me a savior is that I accept responsibility for everything that's goes wrong. In other words, I'm not blaming you. I'm accepting responsibility. I'm you.

You are me gone wrong! Yes? Yeah. Do you see it?

(laughs)

We really can be having fun with this.

It's ok I'm gonna make it right. I'll make it right.
I'm going make the correction.
First, by accepting the correction and then, by offering the correction. That's how I make it right!
That's it. That's the entire teaching of A course in miracles.
That's how I save the world.
I accept the correction and then I offer the correction.
I saw that! Thank you. I love you guys. Thank you.
Is everyone ok?

We are here. We are gathered here in His Name. And our intention is to join in one Holy Instant, one inclusive instant!
Rejecting nothing ... including everything!

We are offering ourselves to God! And we will allow God take us back to the beginning, we will allow God to penetrate this conditional reference, into this idea of separation.

We will be reconciled and reunited!

And in that reunion, we will remember who we are. And that will be an experience of reconciliation which will, inevitably Resolve in Light! Ok. We are simply increasing frequency until only the light is realized.
And more and more, because more and more are joining this circle. More and more is this frequency being made available ...

Now, as we approach the light, we are gonna be approaching the light, until, just after breakfast tomorrow. So, this will all be preparation now. We are approaching the light.
Now as we approach the light, the first thing you recognize is it feels like a burden has been lifted!
That's what I'm attempting to do now. I'm attempting to convert your burden.

Each of you brings the burden of identity. You bring that to me and I convert it!

I'm enlighting the load, I'm enlighting the burden.
So I'm offering you now, I'm offering you a frequency a place, right here, right there, where you can let your burdens go! I know all of your thoughts, yes, everything that seems to stand in your way.

All of your thoughts now: lay them down You can offer them to me, everything that you think is preventing you..... give it to me! Don't hold back! Don't hold back! You've done nothing wrong. Give me everything!

This will be true for each of you,
All I'm doing is offering you an empty space where in which truth will reveal itself!
That's the Holy Instant!

And you come with your burden of self identity and you feel unworthy.
The only thing that's keeping you from who you are is that you feel unworthy. Ok. I'll take it!

We'll have a little quiet time.

Don't hold back, give it away. And this will be your preparation...

We leave here together!

See you after breakfast...
namaste
