

Don't Do, be done

April 11th, 2009

You are recognizing yourself...that is all.

Who am I? I am what everything is!
How can I be something else?
How can I be anything else....I must be what everything is.
Do you understand? If you are at all, you must be what everything is.
What else would you be?

You mean I am the cause of this? I mean, you are what everything is.
There is no difference, between you and what is you. Waw!
You mean everything is just a thought in my mind?
Is that what you are teaching me? Some guy is going to show up today and he is just a reflection of a thought in my mind?
What do you call that? Grace...that is what grace is.

You mean the effects of my mind, are what Grace is? Listen to me... of course! You are getting exactly what you looked for when you came. Now I have been trying to stabilize a place for you, a platform, that you can use. It is like a filling station, that you can come here and fill it up with some light. And do what with it? Anything you want! Can you hear me? That is what Grace is! So, what do you want to do? That is always the question! Yes, or no?

What are you going to do with that light? Yes, Gabriela, what are you going to do with that light?
You say: "well, I found a way to extend it", and I look at Gabriela and I say.... Yeah, that will work!
Do you see?
Do I care what she calls it? What do I care! I don't care what you call it, it will be a Course in Miracles by any other name. Yes?

Good, good....I am going to call it: "Delicacies del Cel".
What is that? A Course In Miracles! It is a course in Grace.
Do you get it, do you get it? I look at Cristina and I understand the intention perfectly well.
What is her intention? She intends to return as a form of Grace. Exactly!
She is going to serve herself on a tray and call it a Crepe. Yes Cristina?

This is Jesus now: Eat my body and drink my blood.
What do you think he means by that? The effects of my mind are not separate from what I am.
What are you serving on that plate? What is that? Dar, it's you! You are sharing yourself. Eat this body.....come on guys....there is no such thing as form, it's grace, it is a Form of Grace.
So instead of Holy Communion, instead of the host, what are you serving? Crepes!

Listen to me...lets see if you can find this connection. The shape of the host is the same as the shape of a crepe.....and that is the name of your session!

I am very glad that you are here. It is nice to be heard!

Now, the priest may have a problem holding up the crepe, it doesn't really retain its shape too well! It needs a stiffener, yes? A stiffener, and that is why Lylian is here. She is the starch. Everybody needs a stiffener, trust me or you couldn't be here. You see? You are not guilty, you can't be here without a stiffener. It is called formulation. Notice it takes the shape of a snake. It has all of the qualities, all of the elements, everyone needs a snake charmer. You call it temptation but it is just an effect; a thought in consciousness, for which you are accepting responsibility. I am responsible for it.....all of that Shiva, Shakti business, all of that shit, I am responsible for it. Fucking A!

Does it work? What do you think? Of course it works!

You are not separate from you own thoughts! Guys, you are being penetrated by God.

What is that? Grace!

What am I? Grace!

But it appears to be taking shape..... Yes, I am a form of grace, and so are you. If you are a form at all, you are a Form of Grace. Do you hear me?

Guys, are you going to identify with this now? What are you doing here?

Say to me: I am a Form of Grace. Ok?

If anyone asks you any question at all, that is your response.

I am just playing a role. I love you guys, I am really happy to be here with you, but remember, I am not really here, I am not really anywhere. That will really help you. I am not really anywhere and neither are you!

In other words you are free. No, you can accept as much freedom as you like, at any given instant. Sure! Why? You are free, you are free, but you are going to be the whole curriculum ultimately. You are the whole thought of the Course in Miracles, the whole thought is you.....in other words, it works. Ok? It is a vehicle and it is working. It is working perfectly....look at the healing, there is healing everywhere. Thank you, thank you....look, we are gathering at the end of time...look, there you are; the dream is over, you were with me all the while.

You can rest here, remember to breathe. I mean there is not a whole lot you can do about it. Essentially, you are along for the ride, in other words, you are being saved by Grace. Good, good.

Now you are beginning to identify with that Grace, and that is a good thing. I am that, can you see that I am that? I am looking at you know... can you see that I am that now, a form of grace?

If you can see me, you must be me, the only way to see me is to be me...and that is the name of your session!

We are going home, we are going home together.

Did you think I was going to leave you behind? I promised I was going to take you with me. I told you I was taking you home, didn't I?

Do you believe me? If you believe me, you will not die.

I believe you. Good!

What is being revealed? The transparency of you! You are not a body.

Say to me: I am not a body. Is that ok with you?
It is ok for some of you. I'd like it to be ok for all of you!
Is it ok for all of you, that you are not a body? YES.

Not because you read it somewhere, but because you are not a body. You have never been a body. Even when you thought you were a body, you weren't a body, you just thought you were. That is called a mistake! Alright? You haven't sinned, nothing had happened. You were wrong when you thought you were a body, it is that simple.

Minds are joined, they are joined. We meet in our intention to surrender, we meet in our intention to wake up. Is everyone ok, talk to me, are you ok? Yes.

Shall we dive a little deeper into the mystery? Do you want to dive a little deeper into the mystery, creator? Are you a creator?
You are creating for yourself, you can have anything you want, you can have anything you want!
At the very least, I want a world without pain. How about you?
Creators.... At the very least I want a world without suffering, without death.
Who is making that decision? I am.
That is right. Who are you? The creator of the universe! I love you guys.

Can you accept this much light?
Say to me: I am the creator of the universe.
Yes you are! Who did you think you were? You did good. It is a good universe.
You spent a little more time beneath the ground than you needed to. You buried yourself, but you made a decision not to do that anymore; I am not going to bury myself beneath the illusions of my own false ideas of myself. Good.
Why would I do that? It is crazy, I know who I am, I am the creator of this universe.

Guys, I love you.....make your decisions now....it is your world.
How would you like it to look? I am only interested in healing, I don't know about anyone else. I don't give a shit, what it looks like, my only interest is healing, and I will use anything. I will use crepes, tipis, or any other symbol you want to give me.

I love you, there is nothing to be afraid of, there is never anything to be afraid of, they are just thoughts.
True Love, your true love is just a thought. What is wrong with that? Absolutely nothing!
What is it for? What is going to come of it, this relation of yours? "It is how I remember God."
Yes! That is what this relationship is for!

What is the purpose of our relationship? To remember God!
We have been given one another, by God, in order to remember Him. All form is a Form of Grace...it is the means by which I remember God.
Do you want to dive deeper into the mystery?

How deep do you want to go? I can take you as deep as you like.
Do you trust me?

If you are with me, you trust me. Look Gabriela and True love, look at how well they line up. They align perfectly. Lookare they going to sing a song for us today? Sing it now, will you, I want to hear it! This is the perfect moment. Look at how well you line up. Do you see how much I love you? You are in my mind.

(Song: His eye is on the sparrow, By Yulof, and Gabriela)

Thank you for that gift! For all of these gifts, thank you. Guys, I really love you. I love everything that you bring to me. I love it indiscriminately, it is all the same to me. It is all a form of love, whatever you bring to me, I don't judge it. I find you innocent of charges by a vote of three to two.

I love you....There's a Trinity reference in there. Three always beats two! Three is always better than two. Two is your problem, Three is your solution. You call it a bridge, I call it the creperie. I love you guys.

Do you see? It is all a form of grace. All your thoughts are whole. You are not guilty, you have done nothing wrong. God loves you just as you are and He is very happy, you are doing good work.

How does He know you are doing good work? He sees you, He sees everything. God sees what you are doing. And if He sees you, you are doing good work.

Because if He sees you, it means you see Him!

Guys, are you coming out of your shells? Come on... you are a creator, along with Him. Of course! You are doing a good work. You are here with me, you must be doing a good work. Yeah, a very small percentage gets this far!

By the time you reach earth, there will be only one of you. Notice the number is diminishing. Guys, I love you, just as you are. You look good.

Are you having enough ice-cream? I'll speak to the supply manager. Good, good, I want to be sure you are getting everything that you need.

Are you getting everything that you need? Yes.

If there is anything that you need, ask for it know, and I will give it to you. Whatever you want... You want a boy friend? You've got it!

Make sure he sees this, if he sees this, he is worthy to be your boyfriend.

Now I am playing your father.... I am not sure he is good enough for you.

True love... do you hear me? That is how much I love you. He has to prove himself to me!

How does he proves, himself to me? By seeing me! True love, is that a deal?

"Yes daddy."

Thanks guys, I love you guys.

Everyone is welcome here. This is the wedding feast. The invitations have been sent out to everyone! I am doing a little parable for you. This is the wedding feast; this is where you are united with your true love.

How many true love's are there?

Did you hear what I just said? There is only one true love, good.

Do you see at the end I get all the girls? I love you, I love you guys, thanks for hearing me, thank you for letting me be me!

It is just thoughts. There is no guilt, you are not guilty of anything.
True Love, you know it is me, you have always wanted. It is safe to admit it! I love you guys, I love you. You are not guilty, for crying out-loud; they are just thoughts!

You have already been reconciled with your father, and I mean that in all levels-
Say: I and my father are one. That is true at any level...

We are just thoughts in each other's minds. In other words, we love one another. I love you, just as you are, you are perfect. You are playing the perfect role. Perfect just as you are.
This isn't too much for you, is it? You can handle this much love?
What is this? A higher frequency of self recognition, that is all.
I am the Heaven where in which His love resides. Yes, you are. I am not guilty. Guilt is impossible. Thank you, thank you, I love you just the way you are.

Thank you for that duet....it is everything you need to hear.
Do you see how you embody both of those aspects? I am talking to you now. Do you see? Do you see how it is not outside of you?
Do you see that it is only thought? Does everyone see that it is only thought? You are not going to be confused anymore; you see that they are only thoughts. Yes. The images are effects, thoughts made manifest. That's all they are. Good. Now you can love them, right?
They come from you. Ok, good, I love you. I love you, I love you, just as you are.
I love you because I am you.

Say to me: I am the Alfa and the Omega.
Yes, yes you are. It begins and ends, right here. This is the final episode of the final season.
This is the last "fraking" special! (reference to battle star galactica tv series)
It is called "frak earth". I love you, you are so innocent!

It is an interesting thing, when Carmen curses, it sounds like prayer.
Guys are you going to be able to work now (at the creperie)? How do you go to work now? That is incredible, I am amazed.
We have a good vehicle here, thank you.

Brother: "We have everything here..."
Josh: You are right about that., thank you.

Thank you, Father, thank you for this provision of light. Thank you for the Grace present here in this place. Thank you for the reflection of your love. The way is certain, I can see it with clarity, I am looking at it....the way is clear.
Are you with me? Can you see the road with clarity? It is very clear!
Everyone? Yes?

These are gentler pathways, Jesus says.
Guys, thank you, thank you for the "Creperie". These are gentler pathways, sloping gently toward heaven.

We found one another!

Dearly beloved, we are gathered here today to witness the marriage of True Love. Yulof has reached the wedding chamber. That is where she is.

"I do."

At this frequency when you say; "I do", you mean God does. That is what the marriage is.

"I do, Father, your will is done; my will is your will, I DO."

Thank you. The marriage is between the Son and The Father. Of course!

You want to call it Shiva and Shakti, who cares, it is just a story I made up, anyway. Yes or No?

It is just a story I made up!

How does it end? In God. Wow, thank you, thank you!

It is just a story, breathe, it will be over in a minute. And it would include everything.

Thanks for the work that you are doing in His name. Thank you. Good.

Remember our moto; "We leave no one behind".

Thanks for doing your work.

Everyone will be in their rightful place for the finale. Don't worry about it.

Do you hear me? I am looking at you. Everything will be in its proper position. So don't worry about it. Don't let it be your concern. Don't worry about it; don't move the pieces around, will you? Leave the pieces right where they are. You get bored, and you move the furniture. Don't do that!

Thank you, thank you, this is the final episode; you can see that. It is a good story, it's a good story. Thank you.

They wanted to extend it for another season but we said no fucking way! Do you hear me? They are laughing with us. They tried to squeeze another season, and we said; no fraking way, it ends here. That is why we threw a few bad episodes. We threw a few, what we call throwaways to remind you of what it is like to be here. To remind you how small this place is. Ok?

Are you guys hearing me? Good, good. I love you.

We got it, we got it, it's in the bag.

Final episode, final season! Si? Good. You will get your credit, you are going to see your name on the screen, don't worry about it: Music by.....

Next time round, we are going to put someone else in charged of the wardrobe department.

These wardrobes, are a bit drab, don't you think? The poetry is lost in the translation.

Are you happy? Are you getting everything you need? The more you open, the more you will receive; thats is the way it works.

You are being offered much more that what you are willing to accept, but we will take what we can get. Whatever you bring to me, I accept. Ok? it is called forgiveness, just as you are. Thank you, I love you. You are perfect just as you are.

I love you guys, this is really good company.....

It is very close I promise you. Stay with me here.

These are adjustments now, being made. God is setting the stage. This is the final act.

Are you ok? Are you comfortable in your assignment? The adjustments are being made here, so

if you have any complains, if you need an adjustment, this is the place you come to. Alright, all you have to do is say; "I need an adjustment". Ok, it is given you.
Would you allow it to be given you? Ok.

DON'T DO, BE DONE..... that is my new teaching. And I mean that in both ways; be done...be done by God, and be done with yourself.
Don't do, be done.....doobie, doobie do.....

(singing...There must be some kind of way out of here..... I down loaded it, Jimmy Hendrix's version, we will listen to it tomorrow) "All along the watch tower" Who knows it, it is a good song.
Thank you.

Remember the only remedy, is recue!.....
All I am asking you is to end your dream here with me, what is wrong with that?
It is got to end somewhere... why not here? Where help is all around you! Guys, thank you, for everything you do.

Don't let me keep you... thanks guys, I know you have things to do.... Good.
Just remember you are here in His name and you will be fine. OK?
Let Him be responsible for the outcome.
I need to know everyone heard what I just said: Let God be responsible for the outcome and you will be fine.
Is there anyone who didn't hear it?
Don't be afraid, don't be embarrassed, it is not really difficult, it is pretty easy to hear it; Don't do, be done, it is what I just said.

It should at least be the name of a song? Is that the name of the session?
Aren't you guys going to be late for work?
You always know what to say! I love you guys so much.... Thank you for that demonstration.
Good.... Love one another thank you!.....

I don't know T...you might as well play a song..... oh ok.....
That's a deal.... Don't be late.
Thanks guys.

The image of the priest holding up a crepe is a funny one.....
It is a good one. Yes? Drooping in his hands.....
What does the priest need? A stiffener!
Sooner or latter everyone is a altar boy, my friend.....
It is called service.....

That's true....my function is to serve....thank you. I love you. You are only going to be happy when you find a way to serve.....
That's all you are looking for. If you are here, you are looking for a form to serve. Good , it is nice to be heard. I love you.
That is why Ana Guaita is with us. You are not going to be happy until you find a way to serve.
How many Ana's do we have now?

That can almost be the name of the session.

What is today's lesson anyway?

God's Will for me Is Perfect Happiness.

What a coincidence.....

It is a privilege....thank you, thank you, thank you.....

We should watch the movie, "Michael". It's a good movie.

I love you guys, thank you. Thank you so much
