

It's impossible – it must be a miracle

April 14, 2009

It's impossible – it must be a miracle. It's impossible anyone play that good.

Why don't you just relax and enjoy the Kingdom? Why aren't you relaxing and enjoying the changes? Why are you working so hard? I love you guys. All that is going to be taken care off. I love you. I've got you. It's accomplished – don't worry about it. Cristina, its accomplished. You can rest. Good. I don't want you to worry about anything. I don't want you thinking about anything. Don't worry about it – it IS accomplished. We're together – it must have been accomplished. We are joined.

It doesn't always have to be an exalted state. This is it – you made it. Breathing is a good idea. Can we go now? Is everyone here? You want to get a little more comfortable before you go? You guys are very funny. Want to leave now? I love you guys.

You are coming and going all the time. You are not bound to that dream of yours. Its nothing wrong with it – it's not bad. It's a good dream. How do I know it's a good dream? It's ending. The only good dreams are the ones that end. Maybe you are ready to hear me a little bit. You are just playing out a final role. You always wanted to be a shopkeeper. You were playing with a register when you were six years old. I always wanted to be a cashier. Everyone else wants to be a fireman – I want to be a cashier. We are just playing a final role.

The important thing, once again, is that we are together. So my role is not really any different than yours – if it is different, it's only different in appearance. Can you hear me? Merce, you can hear me. The only difference is one of appearance. And that's not a difference at all. Truth is true and nothing else is true. Don't worry about it. It's just a role I'm playing. You too. It's just a role you're playing. Is this how it ends? Is this your final role?

Are you going to sit still for a moment? It's alright – you can't adjust yourself. Trust me on this – you can't adjust yourself. You must be adjusted. If you didn't need an adjustment, you wouldn't be here. So stop pretending you know everything – you don't know shit. You better know nothing if you want to be adjusted. Yes Alonso. Alonso, I'm talking to you. Who the hell is Alonso anyway? You want it on your own terms. It's not going to happen that way. Say to me "I'm wrong about everything". Well, shit! That's all I have to say. I love you guys.

I don't mean to be too hard on you but I can't get you to sit in the fucking room. I can't get you to show up on time and sit your ass down and make a decision to leave. In other words, I can't get you to follow instructions and do the simple things that are being asked. You are fascinated by your karmic destiny – very curious. I'm looking at Nando – your karmic destiny is meaningless. Past lives – I don't know what that means. It doesn't mean anything .its all meaningless. Guys, you want to leave here? You are going to have to let your past lives go. I'm going to do some past life therapy – it's called the human condition. Past Life therapy – it's a joke!

The whole thing's a joke. There's nothing going on. You are inventing stories. At the very least I hope you are enjoying them. You are not bitching to me – why, why, why? You are the creator of the universe. Are you OK? Are you happy in your dream? Good, I'm glad. You ought to be. You are doing it to yourself. If you are not happy, that's crazy. Alright.

Again from my perspective, no one is judging you. No one cares about the content of your dream. It's all the same to me. Whatever you are doing in there, I'll take it. I'll consume it. I love it. I'll eat it. I'll swallow it whole. I'll swallow YOU whole if you allow me to. Now I got your attention. You guys think I don't know you. Come on! You are not going to get out of here without me, my friend. I didn't make the decision – He did. If it were up to me, come on! You think I would be here. Please! I'm here on His behalf. It's where He sent me – He sent me for you. He must have thought you had a shot of hearing me. I don't know – why else would He send me.

I was hoping you'd look different. You have no idea what you were hoping for. You have no idea. The best you can do is want help. That's as pure and as humble as you can be. I need help! Now you recognise the help. The moment you ask sincerely, you recognise the help is already with you. It's simultaneous. I need help and I'm going to determine for myself if you are helping me. That's why you need help because you think you can determine for yourself Alonso. You can't – it's not possible. Listen to your sister here. That's your whole teaching. You want help, but you want it on your own terms. That's how you get to stay a body.

Guys, it's very close – you are seeing all of this with clarity. It's not confusing, it's very close. You are doing it to yourself. Good. Good. You are responsible for this AND you're not guilty. That's the important part. You're not guilty. You've always been doing it to yourself. That's what reality is, but somewhere you got the idea in your mind that you are guilty. Or that what you are doing is not worthy. That my friends is impossible. Everything you are doing is worthy. It's your birthright. Your worth is not established by you. You cannot establish your own worth. Your worth is established by God. Yes or no?

So what are you worried about? You can't do anything wrong. I'm sending this out to all the universe. You can't do anything wrong. Everything you do, you do in Him. If it seems to take time, it's only because you have forgotten that what you do, you do in Him. That's all. It doesn't really take time. You are doing it right now. Whatever you're doing you are doing in Him – right now. Guys, can you feel how close this is. You are hearing A Course in Miracles. Can you just relax with me a little bit – just take a breathe. It's OK.

This will be the time you call upon Jesus. I can read your mind – I know when you are calling upon Jesus. When you are calling upon Jesus, you are calling upon me. I hear you. I've taken on that role. I'm the Voice of that One. Of course. I'm the Voice for that One. For Him. Remember Jesus is only a perspective. Course In Miracles students – Jesus is a perspective. He sees only one thing – that's you. You want to call it the Christ Mind. You want to call it something. Who cares what it's called. It's you.

It's OK that minds are joined – yes. That's why you signed up for this programme. Is A Course In Miracles a decision that we made together? OK, you almost heard me. We made the decision together. We come from that thought. It is with that thought that we enter into time. It's what

Jesus is – just a thought. We are that thought. We took the thought of Jesus with us in the form of A Course In Miracles. It's an agreement we have from outside time. In other words, before your dream begins, A Course In Miracles is. Did you hear it that way? You brought the Course with you. Yes. It's how your dream ends. That's how it begins. You can't have that light reference in your hand – it's not possible you have it in your hand.

The way is certain. I'm trying to show you the power of thought now. I'm trying to give you back. Come on, I'm trying to demonstrate your birthright for you. The power of thought. Jesus is with me. Of course. He's a thought - a thought which overcame the world. And he's with me. Will you use him? I suggest, look there, I suggest you use him. Use Jesus. Use him. Why? He's overcome the world. He's transcended your apparent dilemma. Use him consistently. Use no-one but Him. Are you OK guys?

It's just a voice now speaking as that. Shall we call upon Jesus together? I think that's a good idea. That's why we gather here in these Course In Miracles groups. Do we need anyone else here in this circle? Everyone is already here in this circle. Or better, listen, no one else has happened yet.

There's no one out there, unless you insist there is. Nando. Did you hear me? There's no one out there, unless you insist that there is. And if you do that, you will do that right now. Which means that thought is here with you – Liberty, a good example. That thought is here with me. She hasn't happened yet. Past life viewers. Your past lives haven't occurred yet. Guys I'm trying to get you to stay at the threshold with me. Say to me, my past lives haven't occurred yet. Now go ahead and talk – you want to know all about your past lives. Why? I don't know what you are talking about truly.

You have no past life. You mean the past is over? No! No, that's not what I'm saying. I mean, the past hasn't happened yet. It's nice to be heard. Is the dream over? Are you in your final act? Is this the last thing you do? The last thing I do is go to Wusterwitz. You know how I know that's true? It's the last thing I did. The last thing I did was go to Wusterwitz.

Guys are you OK? All those are here with you. All of them. At least twelve represent everyone. Is that OK? Is it OK that Lylian represents Liberty? We are just looking at ideas. Everyone's already here. Good. Better. Will I see my relatives when I cross over? Will they be waiting for me? Figures in Light. I love you guys. The answer is "yes". Thank you. Thank you.

Maybe time to close that door. We'll close all the doors and just open the top. That's our new admissions policy. That means if you want to come here, you have to come out of time. And that's my whole fucking teaching! The only time you come here is when you are out of time. Otherwise I won't see you, Alonso. I'm just looking at ideas. When you are out of time, you come here. This is out of time. So, we're going to close all the doors and you're going to have to fly here.

Thank you, it's all because of you. You made the decision. You said "enough of this". I heard you. I heard you. You said, I can't do this anymore. I heard you! It's what I've been waiting for you to say. I can't do this anymore. It's got to change. Yes. It is changing.

Ana, it's changing. Now can you accept the Light that's being offered you? In other words, will

you allow it to continue to change? Or are you going to hold onto this? That's a decision you are making. Hold onto nothing. Hold onto nothing. Hold onto nothing. Cris, hold onto nothing. Nothing. Come with wholly empty hands. Only you Father. Only you.

Any objections will be generated by me, and I'm tired of objections. Yes or no? Yes? I will not tolerate objections. Is that OK with you? You asked me. I'm just sharing the thought with you. There are no objections. No. Good. Good. Good. Those are just pictures – we are just looking at pictures. Good. Mind. It's all mind. Come on! It's where you live. It's what you are. It's a landscape. A mindscape.

Is everyone OK? Everyone getting the help you need? Raquel, are you getting the help you need? You are making the decision. You don't have to depend on anyone else. That one is here with you. Of course. You are making the decision. Until you make the decision, no-one does. Raquel, you are the saviour of your dream – you are! Until you make the decision, you struggle and so does everyone else.

Alonso. I'm not really fond of the name Alonso. My first girlfriend's last name was Alonso – Debbie Alonso. She's the first one to tell me how babies are made. Euuuggghhh! NO! (Michael: my thoughts exactly!) It's a good one. Its good stuff. First one in gets all the best material. You are getting the joke. Everything is connected. Good for you. Thanks guys. I love you.

Raquel you OK? You are making the decision – it's your dream. What will it involve? Living within the context of the grace associated with the decision you just made. Did you get that? Its very important. And that's the name of your session – write it down quickly, before you forget. Don't let me distract you. I hope I'm not distracting you. I love you guys. Everyone OK?

It's just a dream. You got nothing to worry about. All of the cues are being given you because you are associating with A Course In Miracles. It's all you need. We are just gathering a few. You are just going to gather a few in gratitude. Do you see how lucky Raquel just got? You see how lucky she is? We weren't going to come in this far again – we weren't going to do it. The decision was made to leave here and someone said "Wait a minute! Wait a minute! There's a little flicker down there. I think its Raquel. Yes or no? Is that how it happened chicos? You are with me. Where's Raquel. Raquel has always been on the fringe which is why she sells Indian clothes.

A lengthy explanation is the death of the joke. Still, what I said is true – even if it gets lost in translation.

So Raquel the only appropriate response is "thank you!" When your saviour shows up the only appropriate response is "thank you". Not, I'm not sure whether I want to listen to the sessions online. Thank you! One more time – just as a reminder. When your saviour shows up, Raquel, it's because you're sincere in your request for a saviour. That's why I'm not confused. In other words, if I'm here, it must be because you asked for it. I'm just a thought. I'm not a body. Why am I taking shape? You need the shape. I don't care – it's all the same to me. I'm here to serve. Do you hear me? I'm here to show you the way out of hell, if I can get you to sit still long enough. I'm here to get you out of hell. Raquel, I promise you, I will get you out of hell. What do you need to do? What was your part in this? Admit that you are in hell. That's all. It's the hardest thing for any human being to do. You keep looking for heaven in hell and that's why

you sell Indian clothes. Yes or no? What are you looking for? Why do you sell Indian clothes? I'm looking for God. I'm looking for Heaven. Good – I love you guys.

God is in everything I see - because God is in my mind. Thank you. Thank you. it's a curious thing. Commerce is a curious idea. I mean you have to invent the Chinese to sell cheap goods. You have to invent them first. Yes or no? Then you find some rich clients and you make the exchange. It's strange. It takes a lot of time to do that – it takes a lot of time to set that all up. Raquel – you can simply say “I love you” and get it over with. It doesn't take time. I love you.

The reason you are here is because I love you – and I mean that on all frequencies. The only reason you are here is because I love you. These are your thoughts – they are only here because you love them.

Merce, thank you! I love you. That's why you hear me. You hear me. I'm in you and you're in me. Sure. What about the physicalness? What physicalness? I love you guys!

You can call this the real world if you like. It's a borderland of thought. You are beginning to recognise each other – that's your assignment. Forgiveness. I love you.

We are already out of time together. And we are making the decision to demonstrate that Truth is true and nothing else is true. No matter how it reduces from there, we won't forget that Truth is true and nothing else is true. I remember. Guys, we are going to remember this now. Let's just simply remember. Truth is no compromise. Salvation is no compromise. Raquel, salvation is no compromise. No compromise. I will not compromise. Truth is true and nothing else is true. I need your balls for that. I need your whole body for that in other words. Are you OK, guys? I love you. Truth is true and nothing else is true. You don't have to compromise anymore.

We join in a single thought. And nothing can no longer keep us apart. It's been seen as nothing. Yes? I love you – you're not guilty. You are exactly what I looked for when I came. Exactly. That admission is how the dream ends. And how it begins if you are going the other way. Once again, it's all the same to me. I know there's nowhere to go. I know there's nowhere to go. The thought of you begins and ends in Light.

Can you see who your brother is? Can you see him? Can you see him? You are looking at yourself. Light. Your brother is Light along with you. Everything is light. Thank you.

There's Lily. All of our beloveds. They are all around us. They're here. They are all around. Thoughts in your holy mind.

I don't have time anymore to see if we are on the same page – don't have time for that. I have to assume we are all on the same page. My only obligation are to those who are asking me to end this. Is that OK? I know that's fearful. I know – of course it is. But I have an obligation. Forgive me for that.

I understand you have karma, a past life identity you want to live out. But I need you to understand something. That has nothing to do with me. Do you understand? It has nothing to do with me. Its late – I'm going home. Are you OK with that? Now that's going to speed up your karmic idea in any case. When I leave here, just as when the Old Man leaves here, everything is

speeded up. There's no choice in that. That's how it works. But, and this is personal now, I'm being asked to finish it. And that's what I'm doing. And I'm using everything. I'm using everything you bring to me in order to finish it. Of course.

Thank you. Thank you. You mean Alonso is responsible for your Mastery? Yes. Alonso was your final exam. You passed it. You passed Alonso. And now you are a Master. You had to bypass that idea in your mind. You had to look at that idea and say "no more". No compromise. OK? The only way to help anyone is to accept responsibility. Never comfort anyone in their suffering – don't do that. Guys, I love you.

You are waking up. You are accepting responsibility. It's the same thing. I'm responsible for this. OK? I'm going home. Yes. Yes. Yes. Yes. That's the corrective position. Father.

Dar, do you see? The direction is toward the context itself. Not with the content but with the context. And that is your identification now with Holy Spirit. You are the context itself. You are Holy Spirit. You are the communication. You are the communication. And the communication is Love – that's the only thing being communicated. It's the only thing that can possibly be communicated. There's a difference between trying to communicate love and communicating love. All the difference there is. If you are trying to communicate, there is one too many people in the picture. It's nice to be heard. There's only one person. I already know that you love me. You don't have to objectify me in order to tell me. Thank you. Good.

Here's you as an identity now. You identify yourself now with Holy Spirit. That's nice. What is objectified is a form of me. Yes. Guys, I love you.

All of your dreams turn out well, I promise.

Anything I say from this frequency is as high a teaching as you can hear and remain a body. Trust me, because it's coming from that threshold. I'm only barely associating with the body. After this, there are no lips with which to speak. Is everyone OK?

It's all just thought. It's all just thought.

Guys, it's OK to rest. Breathe. You look fine. You are crossing over. There's a river that separates the world. You are on the boat.

You will do great things. Greater things than I will you do. What do they call the ones in Battlestar Galactica in the tubs – hybrids. I'm a hybrid. I'm speaking gibberish. You have to be in Light to hear me. When you are in the Light, everything I say makes sense, otherwise it's just gibberish. It sounds like the record is too slow. You reach a frequency and suddenly everything is clear. It's called Amazing Grace.

It's all consciousness. I'm right here with you. The body is an illusion. The world is an illusion. And you are crossing over - you've just had a terrible car accident. No, you don't remember it because you don't like to remember such things. But you did, and you are crossing over. I love you guys. Have fun! You are in the holodeck. All your memories of earth are here with you – they've just been purified. I'm going off to the holodeck to have a baby. Good idea. Guys, I love you. Is everyone OK? Do you need any guidance?

Daryl: Josh, I need to know the next film to watch. I watched Jacob's Ladder.

It's not exactly a date film. The message is perfect. It's not a film you take your girlfriend to and expect to get anywhere. The message is clear, yes? Good. We have any opera to listen to? Good, I love you guys.

Guys, you are making incredible progress. Good time to be grateful. Try not to be disappointed. The average human being doesn't get very far in a life. You are collapsing your karma – its called a miracle.

Daryl: Josh, can I share one beautiful line from the movie.

The only thing that burns in Hell is the part of you that won't let go of life, your memories, your attachments. They burn them all away. But they're not punishing you, he said. They're freeing your soul. So, if you're frightened of dying and... and you're holding on, you'll see devils tearing your life away. But if you've made your peace, then the devils are really angels, freeing you from the earth

Notice the saviour's an Italian guy. Did you notice that, Dar. And I think he was dating a Latin girl. All of my elements are in there. It's my film. Even the snake. There was one scene. I haven't seen it in years, years, years. I remember having just written it.

There is no world. There is no world. Don't worry about it. Enjoy yourself. The only reason you can enjoy yourself is because there's no world. If there was a world, it would be pretty difficult for you to enjoy yourself. Yes or no? If the world was real...jeez! There's no cause for enjoyment in the world. I love you guys. Be grateful.

You know what's amazing, Carmen. You guys are proving, that you can associate in the world and not be guilty. That's the new species. It's what you're doing – associating with one another and you are not guilty. Good. You can love freely. Good. I love you guys, thank you.

The miracle is that we're together.

It's God's way or the highway. Is that OK? Is it OK that God is determining the outcome? I think that's very wise. It's a mark of maturity – you guys have come pretty far. Let God determine the outcome and you'll be fine. Thank you. I love you guys. Namaste

You know your mind is as powerful as any other mind that's ever been? It's just an Initiation. You are remembering the Source of you. Thank you. Thank you. Wow. If you think of it as an Initiation, it will really help you. You are being initiated in my presence. It's just an initiation.

I've got to try and find Elena – she's got a question. Elena is having the same problem anyone else has. It's integration. The problem that Raquel is having. Should I stay or should I go? It's called integration. Don't go, be gone. What does that mean? It is accomplished. Good. Breathe. It is accomplished. It's called integration.

It's a miracle isn't it, Ana(Valencia)

It's nice to have company on this journey.

Don't look back. You'll turn into a pillar of salt. Keep your eye fixed on the Light. Use each other. Here's one final suggestion: bring your loved ones into this circle. Just a suggestion. The more uncompromising you are in that regard, the faster it will be for you. For you. For you. For you. Forget about "them" – there is no "them"

Salvation is no compromise. I would not associate outside this circle. Crazy. Invite everyone here. Of course. I love you guys. Thank you.

We look good. It's stabilizing. We are in the blue now. It's the centre of the mandala. You've made it to the centre - you have jumped all the gaps. Good. Good.

One last thought. Don't associate with those who cast doubt on this. Why would you do it? ...bear witness: I've been healed. I don't know what you are talking about. For your sake. All doubt is self – doubt – there's no room in my mind for doubt. Good. Did I address everything? I hope so.

Class dismissed. Don't you want to go out and play? Go on children, the bell has rung. Schools' out for summer.

The owl was going off all night long. He didn't stop. I love you.

Happy Birthday my friend! (Gabriel)

The Old Man' answering a lot of telephones. He covers a lot of territory. He got a promotion. He's only answering the telephone – that's all he does. You know, if you dial his number, he still answers it. Have you tried it? Try it with faith and watch out. "Hello?" I love you guys. Thanks guys. (Michael: 608 524 6151) Don't forget the area code. (Lilian: is that the same or has that changed?) That's' good. You are going to have to try all the different combinations. He's covering a lot of territory. Thank you. Thanks guys.
