

July 19th Intensive

Introduction to second part of the workbook

Words will mean little now. We use them but as guides on which we do not now depend. For now we seek direct experience of truth alone. The lessons which remain are merely introductions to the times in which we leave the world of pain, and go to enter peace. Now we begin to reach the goal this course has set, and find the end toward which our practicing was geared.

Now we attempt to let the exercise be merely a beginning. For we wait in quiet expectation for our God and Father. He has promised He will take the final step Himself. And we are sure His promises are kept. We have come far along the road, and now we wait for Him. We will continue spending time with Him each morning and at night, as long as makes us happy. We will not consider time a matter of duration now. We use as much as we will need for the result that we desire. Nor will we forget our hourly remembrance, in between calling to God when we have need of Him as we are tempted to forget our goal.

We will continue with a central thought for all the days to come. And we will use that thought to introduce our times of rest, and calm our minds at need. Yet we will not content ourselves with simple practicing in the remaining holy instants which conclude the year that we have given God. We say some simple words of welcome, and expect our Father to reveal Himself as He has promised. We have called on Him, and He has promised that His Son will not remain unanswered when he calls His Name.

Now do we come to Him with but His Word upon our minds and hearts. And wait for Him to take the step to us that He has told us, through His Voice, He would not fail to take when we invited him. He has not left His Son in all his madness, nor betrayed His trust in him. Has not His faithfulness earned Him the invitation that He seeks to make us happy? We will offer it, and it will be accepted. So our times with Him will now be spent. We say the words of invitation that His Voice suggests, then we wait for Him to come to us.

Now is the time of prophecy fulfilled. Now are all ancient promises upheld and fully kept. No step remains for time to separate from its accomplishment. For now we cannot fail. Sit silently and wait upon your Father. He has willed to come to you when you have recognized it is your will He do so. And you could have never come this far unless you saw, however dimly, that it is your will.

I am so close to you we cannot fail. Father, we give these holy times to You in gratitude to Him Who taught us how to leave the world of sorrow, in exchange for its replacement given us by You. We look not backward now. We look ahead, and fix our eyes upon the journey's end. Accept these little gifts of thanks from us, as through Christ's vision we behold a world beyond the one we made, and take that world to be the full replacement of our own.

And now we wait in silence, unafraid, and certain of Your coming. We have sought to find our way by following the Guide You sent to us. We did not know the way, but You did not forget us. And we know that You will not forget us now. We ask but that Your ancient promises be kept which are

Your Will to keep. We will with You in asking this. The Father and the Son, Whose holy Will created all that is, can fail in nothing. In this certainty, we undertake these last few steps to You, and rest in confidence upon Your Love, Which will not fail the Son who calls to You.

And so we start upon the final part of this one holy year, which we have spent together in the search for truth and God, Who is its one Creator. We have found the way He chose for us, and made the choice to follow it as He would have us go. His Hand has held us up. His thoughts have lit the darkness of our minds. His Love has called to us unceasingly since time began.

We had a wish that God would fail to have the Son whom He created for Himself. We wanted God to change Himself, and be what we would make of Him. And we believed that our insane desires were the truth. Now we are glad that this is all undone, and we no longer think illusions true. The memory of God is shimmering across the wide horizons of our minds. A moment more, and It will rise again. A moment more, and we who are God's Sons are safely home, where He would have us be.

Thank you for joining me in this place

Do nothing, then, and let forgiveness show you what to do through Him Who is your Guide, your Savior and Defender, strong in hope, and certain of your ultimate success. He has forgiven you already, for such is His function, given Him by God. That one is me. Now must you share His function, and forgive whom He has saved, whose sinlessness He sees, and whom He honors as the Son of God.

Will you share my function with me? It's the only way you get out of here. The only way you remember you're not from here is by sharing my function. We're just looking at thoughts now. There's no such thing as a body.

OK, so what's your problem? We are just looking at thoughts. We're going home. Why are we going home? Because Daryl brought his memory. Because Daryl's memories are here, we can go home. Can you hear me? Why? Because Daryl's sharing my function – that's why he's here. I love you, thank you. Now you see.

There really is only one of us and its our own ass we're saving. Say to me, it's my own ass I'm saving. I'm looking at you now – you hear me? Are you sharing my function with me? Quit fucking around. It's time to go home. Perhaps you have another little journey in mind – I don't know. You want another trip to nowhere. Is that what you want? You've been down that road before.

Why is it that Daryl's bringing you in – this is interesting. Because Daryl parked his van. Who's hearing me? It's because Daryl parked his van that these guys showed up. The journey's over, ending at the place where it began. That's what you walked into – whatever you thought it was, you were mistaken. What it is, is your way out. Thank you. I couldn't have done it without you and I mean that literally. Without your part, I couldn't have done it. It's not possible. You're a whole thought in my mind.

You work as well as me. Daryl, you work as exactly as well as Lylia does. Can you hear me? Alright – good. Thank you. That's the brotherhood. Look at that. Gustavo thank you. This is the brotherhood – the Great White Brotherhood. It's you. I love you. I'm happy to reveal the Light

to you. It's the job that you gave me. Why did you give it to me? Because you didn't want it. I don't mind playing it. Here I am. I'm exactly where you are – in a form you can accept, receive and understand. I've come to tell you this: its time to go home, its time to wake up. Its nice to be heard...

We have to get rid of that debris. What is that? Nando's bike. Look at it. It doesn't belong there. Can you hear me? It doesn't belong here. Not in this temple. Are you hearing me, Jonas? It does not belong here. Get rid of it. Thanks guys, I love you. Thank you for letting me play my part in the interlocking chain of forgiveness. Do you forgive me? Do you forgive me for playing the part that you assigned to me? I'm about to come out of the closet.

You ready to come out the closet? I know when you're ready to come out of the closet. Who likes words here? That armoire you are living in, is really old – its just a piece of furniture. Say to me, the body's just a piece of furniture. And you do with the body exactly what you do with your furniture – you move it around from place to place. You're not satisfied where it is. Leave the thing alone – its perfect exactly where it is. Quit moving it around. Park the fucking van.

Now what you'll do is park the van but keep the motor running. I know how you guys work. So you can still escape. Who gets the joke? If you get the joke, raise your hand. It's a story you're telling yourself. Its not a big deal. You're going home. You're waking up. I'm waking up along with you. We're waking up together. I'm not confused. I know the way. Why? I'm awake. You're awake along with me. Let me tell the story. You're getting a round of applause – good for you. I love you guys.

If you need individual attention, call my name. My name and His name are the same. How do you like them words? Say to me, my name and His name are one and the same. Is that true for you? Is that why you're here? I'm trying to purify you. Listen. Why are you here? What is your reason for being here? I'm standing at the gates – the door is open. I'm holding the door open now.

Listen to me. You can leave anytime you want. Go ahead. I'm not a body – I'm free. Good for you. Everyone, I want you to meet Jesus. Say to me, I can leave here anytime I want. Why? Because you already did – when Jesus did, you did. We're going to let Jesus tell the story. Where is he? He's in the place you are, where he would have you be. Would you like to be where Jesus is?

Here is a bridge. You're here to fulfil a function in His name. That's why you're here! How the hell do I know where you are – I don't care where you are. The question is, are you here in his name? What are you doing here? Come on. I can say, you're in hell. Its true. Hell is forgetting God. That's a definition of where you are. You've obviously forgotten God or you wouldn't be here. I'm trying to help you remember. What am i? The memory of God. That's what I am – and its what you are. We're just remembering your own awakening – its already occurred. How do I know? Because it occurred in me – and if it occurred in me, then it occurred in you. I love you – we're going home.

Dearly Beloved, we are gathered in his name to celebrate the marriage of you and yourself. How does it feel? This is the post-nuptial initiation. Someone likes to play with words. What's going on here? Are you afraid of it? How else are you going to reach those who are assigned to you? Don't be afraid. You're not a body. You can let the energy drop ALL the way in – no one

cares. You're not a body.

That's better. Good for you. Don't be afraid of that. What's it for? You're getting out of here. We're leaving together because we're not afraid to be physical. It's how you wake up. Why do you think you're here with me? You're here to pick up your balls. OK, you're in the right place. Show me your passport and I'll stamp it for you. You made it! I'll send you on your way. I love you – just remember to breathe. Would you breathe and be happy with me? Please! Thank you. Stop taking it so seriously – it's just a dream! Good – its over. How do I know? The Light is here. Its real and its happening to you and this is where it happens. Your new vehicles are here by the way. They're really well-built. They're made of Light.

This is my song. This is what I listen to on the way out. It's just a song but it has a particular quality that I really like. Listen, right here. Here comes the heart opening. Say to me, I rest in God. There you go – get some rest. Listen. You're just telling a story. You look good – you look fine. You wouldn't be here if you didn't look fine, so don't worry about it. Forgive me this indulgence. Say to me, I'm not afraid. I'm here in his name and therefore there is nothing to fear.

Yes or no? Forget this world. It's time to go home. Do you hear me? We are speeding up time. Forget this world. It's time to go home. Come on. There's nothing going on here that hasn't already occurred. Don't waste time watching the scenery. You waste too much time looking at things passing by – and that's as high a teaching as you'll hear.

Father, it's time to go home. This is forgiveness. It's time to go home. Father, here we are. Father. Father. Here we are. In your name. I've got another batch for you. This is what we call a harvest. You're a labourer in His field. You are here in His name. His name is Light. Remember that. I come from the Light. There go the idols – bye bye.

You like it when I sing. Say to me, I like it when you sing to me. I love you guys. Gustavo, I love it when you sing to me. Thank you. Cristina, you can sing me anything. It's nice to be heard. Does your husband get pissed when you call my name? Is your husband jealous of me? It's just a story. Ana, is your husband jealous of me. Your husbands have always been jealous of me. It's just coming up for healing, that's all. What's Ana doing here? She's just healing her relationship with herself. It gets so easy you don't know what to do.

Now, the real question is, what is Ignacio doing here? We call that as low as you can go. We can't do it without one another. It's as low as you can go – he's not insulted by that. I've got a better part for you. Ignacio, are you here? Where are you? I've got a better part for you. Can you hear me? Will you look at me? Look at me! I'm not a body, I'm free. Look at me! I'm not a body – I am free! What are you doing here? What would you like to see come up here? This is where you're purified - Purified of your limited intentions.

What are you doing here? You are answering to yourself. Why are you here? What is it you are looking for? Come on – I'm just an open door. There's nothing to be afraid of. The door is open. Why are you here? Father, I'm here in your name. Purify me. I'm right here with you. I love you. You know how much I love you. I'm right here. You know how much I love you. There's nothing to be afraid of. You know how much I love you. You're the reason I'm still here. There's nothing wrong with you. I forgive you. I forgive you. I forgive you. I know you perfectly. I forgive you.

Will you accept my forgiveness? Will you do as I do? There's nothing wrong with that – its just a relationship in which God has entered. Remember the body cannot enter. Come on. This is what you asked for. I will there be Light. There's the blue – you're right here. Father. Here we go. I love you. We're going home. A dose of sincerity. Gustavo, thank you. Thank you for taking that in your heart. Thank you. Thank you. Thank you. We're going home together

Here we are. I can see your blue boats bottom. Thank you. Thank you. The pearl worth any price. You made it. Just above what you call the crown. The human idea is to realise your crown is open. I love you. I'm happy to be here. Padre. (Increase in frequency) Good for you. Just breathe. You look fine. Everyone is here for you – in your name. Everyone is here on your behalf. Everyone is here to help you. I know. Thank you. I know that everyone is here to help me. And if I know, then you know. I love you. Thank you. Thank you.

That'll be the end of that cycle. We start a new cycle right now. It's been elevated. I'll use a vibrating guitar string if that's OK. "Where were you", that's the name of the song. This is your new frequency. Listen. That's where I come from. Listen. It's my signature. It's not bad. It's inclusive. We'll pick that up – nothing wrong with that. Yearning in your heart. This is poetry – pure poetry. That note speaks louder than words. Listen. There you go. There you are. Listen. Here you go. This is for you. I'm gonna tickle you a little. Just tickling the top of your head – my fingers running across the top of your skull.

There – listen. Can you see how much I love you? I would leave no-one behind. No-one. Thank you. I love you. You're being healed now – all your relationships. It's a vibrational frequency and it's in you. It's not outside of you. But when you're here, you are where I am. Is that OK with you? Good. That's how we leave here. There we go. It's what we call the upper room. Father. Father.

It's just the Light. Say to me, I will there be Light. I'm seeking the Light – and you found it. Seeking is finding without the search. Seeking and finding are the same thing. I love you. The search is over. The Light has come. Thank you, Father. Thank you for all your gifts. You have always shown that you will answer sincerity. Its sincerity that's important. That's why we couldn't do it without Gustavo. It's impossible. It's the sincerity that makes it possible. Thank you. I love you.

So here I am. I'm the answer to your request. So it is with each of you. I'm the answer to your prayers. It's just a realisation. I'm responsible. Now I'm going to let Jesus be responsible. (increase frequency) It's just the stuff of the universe – it's what the universe is made of. It's unavoidable because that's what you are. Have fun with it. Stop making such a big deal of it. Everything happens naturally because of what you are. I'm God's Son. I love you so much. Better than being a body. Si or no? Being a vibrating string is a hell of a lot better than being a body. I'll drink to that. It's my Scottish heritage – without the addiction. My heritage is Light. That dream is about over. That's why we're here.

There's nothing to be afraid of. There's no reason why you can't go back – there's nowhere for you to go. You are taking yourself with you. Can you hear me Light One – Light Brotherhood? What are you doing when you return? You're taking your Self with you. You're taking the Light with you. You are a Light bearer - that's why you are here. Can you hear me Apostles? Here we

are together – only one Light. The Universe makes no distinctions. Say to me, my intention is to awaken at this time. Yes. Father. Thank you.

(About the music) It's a little dramatic, but we like it. Hey, now I'm arguing with the Old Man – it's not what I would choose. Can you see that? What happened with me and the Old Man – it was a friendly feud. Thank you. I love you. (to Ignacio) I'm gonna get you out of hell. You know who you are. It's time to go home. That's all. Father. How can I serve? Here in this time and place – not some other time. This time. Father, how may I serve you? Father, use me. Use me. Father, use me. Father, use me. I'm here in your name.

Is it your will to be physical? Yes? Is that why you're here? See, that's healed once and for all – Ignacio. Ana, that's healed. You don't need to go in there anymore – to enact it anymore. It's healed. Father. Is everyone OK? I'm right here. I know who you are. Thank you. Jesus is always with you – always. Thank you. I love you. It's a privilege to serve. Good work. Guys, I got you. It's just thoughts. Don't make a big deal of it. Good. They are not things you have to deal with. Jesus. Say, I call upon Jesus. I call upon the help of Master Jesus. Is everyone OK.

Are you tired of being physical? Good, I understand. Be less physical. You're far more physical than you need to be. If you are doing his work, you are physical enough just to be a voice. What else would you need to do here, except speak his word. Father. I'm here in your name. Father. I'm here in your name. How may I serve you?

Everyone OK? Say to me, I'm among friends. Your friends are the aliens. Your friends are the ones who don't fit here. Your friends are the ones who have already transcended this place. Do you understand that we're ending it? Is there anyone who doesn't understand? We're ending it. This dream is over. Is that OK with you? This is how it ends. Because we have decided together that this is how it ends. The story of A Course In Miracles. I know exactly why you're here.

I do the best that I can. Can you see a bit more clearly now? Can you see through this illusion? Is there anyone who cannot see through this illusion? You can see, yes. It's an illusion. It's a picture of thoughts - just thoughts. Not actual things. Good. It's like being a showman. I might just as well be juggling, which is essentially what I'm doing – juggling ideas. Gathering ideas and pointing them in the right direction. How am I doing? Did this work for you? Am I everything you expected? I love that. It's a line from a movie, I'm sure. I love you. Thank you. If you would like to demonstrate your capacity to leave here, now would be a good time.

Someone: I step back and let Him lead the way.

Josh: that's very wise. Father. Father

(Lylian speaks in Spanish)

Thank you. Good work. Anyone else need help. Come on – I'm right here. I wouldn't be so sure. Who needs help? Teach. If you need help, teach. That's easy – you are Light. Teach your way to where I am. The book was given you to teach yourself to where I am. Of course. It's a gift. Teach. I'm here with you, but I'm calling you up now. If you are going to be an apostle now, I need someone who's going to demonstrate what we're doing here. It's a demonstration. Teach. Show me. Come on. Come on. We can use Ignacio. He's got balls – why wouldn't you use Ignacio?

To someone: You need to get a bit more sexy. That's probably why you are with me. I'm a sexy teacher. You're just thoughts – it's not a big fucking deal. Nothing wrong with that. You can be a sexy teacher. Why not? You have to use all of it, if you're going to convert all of it.

You guys got a lot of Light. Its getting more difficult to stay. Are you giving me permission to leave? When you're in this much Light, you're giving me permission to leave. When you associate with one another, associate in Light. Its generating a climate. It's literally that. Today's climate was presented by Daryl. Can you hear me a little bit? Daryl presented us with this climate of forgiveness. He brought the climate to this temple. We are here courtesy of Daryl. Do you hear me? It's not possible that we be here without your part – you are perfect. Thank you.

I really enjoy being here now, mostly. I don't enjoy being here when you're not grateful...

i love you, namaste...
