

You invite yourself by accepting the invitation

March 1st, 2009

Thoughts and beliefs combine into a power surge which can literally move mountains. We moved the mountains in Girona. You won't be able to face God until you accept that your mind is all powerful. Say to me, God is not a father figure. That's not what he is – deciding whether you are doing something right or doing something wrong. God reveals Himself to you as you. There is only you. The Father and the Son are One.

It's very important to understand that your function is to accept responsibility. I've done this thing to myself. And I continue to do this to myself. Why? Because the Father and the Son are not separate. You are getting the results of your own mind. It's all just thought. You tell me. You've been around a while. Have you found anything else? Have you found something other than thought? What about things? Things are thought. Thought comes first. The thing is an effect. The thing is an effect. The thing is an effect. The thought comes first. You mean I see only the past. Exactly. You see only effects which are already past. What do you mean they are past? I mean they are effects. The thought is already gone. You are caught in a residual thought pattern. That's all this is. It's a residual thought pattern. What's it called? Salvation!

When will you begin to see it? It's the picture of how the healing occurred. Look at it – see it for yourself. Is it an effect? Yes. Is it already gone? Yes. Why am I still seeing it? Stop asking the question and it will be done. You are not seeing it. That's what I just said. What are you seeing? Only the past. Is anyone going to hear me? You are looking at thoughts which are already gone. Salvation is accomplished. Listen to me. It worked. It's only a thought. Salvation is a thought. A whole thought. Not compared to another thought. Salvation is this thought. This one. This one. This one. It's all inclusive. It's one inclusive thought. Salvation is one inclusive thought. That's a matter of perspective.

You can't put the parts back together again. The only way the parts fit together is because they are one. You can't go around collecting the parts. What are you going to do? You are trying to repair your relationships. You can't repair your relationship. If it's broken, it will never be fixed. You will always see the seam. The seam will always be there. "But I'm doing a pretty good job in patching it together." You can't fit the pieces back together – it's not possible. If the relationship is broken, throw it away, that's my suggestion. Otherwise you're left with a bunch of plates on the shelf and they've all got cracks in them.

How do you get out? By loving your crack. Zen is the art of loving imperfection. When you include the crack, you've accepted the correction for the relationship. It's called love. Love includes the crack. Are you OK? Do you get a feel for that? I love you because I see your crack and I'm not afraid. I love you anyway. I love you despite your blemishes. Everyone here has blemishes. I've got a program that is going to remove your imperfections. That's what I'm doing right now – I'm removing your imperfections. Purify. How do I purify your imperfections? Listen – by loving them! Let it be that simple. We are only looking at thoughts. How do I love them? By accepting responsibility. I'm responsible for your imperfections. The only reason you

have a crack at all, is because i wanted to fill it in! Nice to be heard. First one in gets the best material. The first one in gets the best crack – that’s my whole teaching. You get the best crack when you first come in. After that, it just gets distorted. These are all just thoughts.

How do you think they arise? Everything in time is just a symbol. You got to start getting the joke. Don’t be offended – to speak of your crack. You’re not guilty. Say to me, “I’m not guilty”. There’s a thought. I’m not guilty. I’m not separate from anything. Whatever is going on is going on in me. Whatever thoughts I’m thinking, I’m thinking with God’s Mind. That will help you. They’re always already gone. Another way of saying it is, what you remember never was. Listen to me. What you remember never was – that’s why you’re not guilty. Nothing’s happened yet. I’m trying to lead you back. I’m leading you home. How am I going to get you back? I’m going to demonstrate to you that you’re not guilty. It’s all just thoughts. There’s no one out there. No suffering, no struggling. There’s only Love, only Light. Nothing’s happened yet. Whatever happens, it will happen in love. I don’t care what it looks like. Its going to happen in love, which means the outcome, is certain.

Stop, stop, stop looking at the pictures please. Will you please stop looking at the pictures? Ana, will you please stop looking at the pictures? It’s just a picture. A picture! What’s left? Love is all that’s left. I’m trying to purify your thoughts for you. That picture is already gone. You keep retaining....why do you think I do what I do. I’m not dealing with human beings, I’m dealing with thoughts. That’s why I can do the work that I do. I’m clear of the karma associated with believing there are people. I can do whatever I want. Listen to me. I’m helping you. It’s a thought in your mind that I’m attempting to purify for you if you will allow me to. What’s left? Love. Love is all that’s left. Emilio knows perfectly well, you couldn’t do the type of work you are doing without a connection. In other words, you have to be in communication to do that kind of thing.

It’s easy to get lost, easy to become addicted. And if you are not purified, not an angel, you become corrupt. Listen to me, I’m trying to help you. I know you’re addicted to the form. All I’m telling you is form is thought. I can’t come between you and your thoughts. I can demonstrate that they’re not things. I’m allowing them to change – they’re changing all around me. It’s still going to be up to you to allow it to change. Allow it to change. It looks beautiful. You know why it looks beautiful? Because Mir is in charge. There’s no problem – as long as Mir is with you, there’s no problem. See if you can hear me. You think you are looking after her, but really she is looking after you. That’s all I’m going to say about it.

Are you guys with me? Its all just thought. You couldn’t reach this frequency without having released the obstacles to the awareness of Love's presense. I don’t care what means you use, what vehicle you use. Who are we? The vanguard of the human species in its evolutionary destiny. We are advanced human beings. We’re are showing the way. Listen to me: every evolutionary leap is quantum. It’s a leap. There’s no causal connection between a human being and what you are. You didn’t evolve from the human being, no more than you evolved from the ape. There is no missing link. What’s the missing link? A miracle. There’s no casual connection. How did you get here? By grace. It’s a miracle that you are here.

You have nothing to do with it. If you would have had anything to do with it, you would have fucked it up! You would be anywhere but here. Yes or no?! Be grateful, will you. There but for the grace of God go I. I love you. I love you. Gratitude is the hallmark of maturity. How does

Jesus say: if it were up to me I would have remained in hell forever. Does Jesus say it? Fortunately, it's not up to you. Thank you is right. Without gratitude, you are on your own. That's how can I tell? How do you think I can tell you are doing the work? Gratitude. That's all I need to hear. If you are grateful, it's a mark of maturity. If you dismiss what is occurring, you're trying to do it on your own. In this Light, you will suffer. Of course. You can't do it on your own. You can't do it on your own. You can't do it on your own. You're not on your own. Thank you. Thank you. Thank you. You're not alone.

God is with you. God is the mind with which I think. Father, take these thoughts. I don't know what to do with them. I don't know what to do with them. Hey guys, I don't know what the fuck to do with you! You think I know what to do with you? I have no idea what you're talking about. I don't know what to do with you. That's my salvation. Except to recognise I'm responsible, and that's easy because I am responsible. You can see that with clarity. It's a vision I'm trying to share with you. I'm trying to share a vision. I'm responsible for what I see.

What happens next? God only knows. I have no idea, but I'm not concerned. Why am I not concerned? Because there is a God. God is. And I have no choice. Neither do you have a choice. "But I'm afraid." I know you're afraid and that's why I'm here. I'm here to help you. Your mind is in transition, from the separate self-identity to the awareness of One Self. You're apart from everything, aren't you? You're apart from everything. Everything is "other than" ...OK, I'm here to help. I'm here to show you something else. I'm going to show you, you're not separate. It's unmistakable. It's undeniable. Have I succeeded in doing that? That was my mission. That was my assignment.

In other words, I was sent to penetrate you physically. I was sent to show you the falsity of form. I'm completing my mission so I can get the fuck out of here. I was sent to show you form is an illusion. We call that a miracle, the form is an illusion. To the degree that you allow me to penetrate you, you have made a decision to see above all else. Good, you're in the right place. Look. The body is illusion. There is no world. Only Love is real. Only the love I feel for you when I think of you is real. When I think of you, I'm in love. I'm in love with you. I'm here to love you. I can hardly keep my distance.

You are welcome into this inner sanctum – the inner holy place. Everyone's welcome, but I recognise when there's a gesture, as I do with Truelove. Why is she here in the inner sanctum? Why did I invite her here? Because she made a gesture to receive. In other words, she invited herself. She invited herself! How did she do it? By accepting the invitation. Did you hear what I just said? There's a T-shirt in there somewhere.

"But I want to part of the circle. I feel excluded." You're excluding yourself. Is that the teaching? The reason you're not here is you are excluding yourself. Yes? You're not asked to leave here. You ask yourself to leave. No one asks you to leave here. You only leave here when you don't want to be here. I'm just looking at thoughts. No one is asked to leave holy place that's been established at this frequency. You can be here or half-way around the world. This invitation is going on in all of the universe. The call is going out. What does it look like? It looks like this frequency and you're either responding to the call or not, and when you respond to the call you receive the instruction.

Listen to me, you can't come this far without accepting responsibility, it's not possible. If you

are here on your own behalf, you won't be able to access this frequency. If you call attention to yourself, you'll be denying yourself access to the frequency. That's it! You are turning outward. By outward I mean extending. Extending yourself. You are not calling attention to yourself. You're here to give yourself away. You see the difference?

I'm just trying to help you integrate. You know the way out. The way out is easy. You call upon God and you leave. You know the way out. You don't need me to tell you. I'm here to help you integrate. That is a different task entirely. Leaving is easy. Integration sucks. Yes or no? The first thing you do when you come in here is take a breathe. Remember why you're here before you open your mouth.

How can I serve? Look, here I am. I am the context in which everything is arising. I am that very context. How can I serve? How do I resolve you? By absorbing you into myself. Then you also will become the context itself. Can you hear me a little bit? What do you think I'm doing with you? That's what makes me the Master Teacher. I absorb you into myself. We're not separate – minds are joined. When I get absorbed into you, will I still have a sense of self? No, you're going to be me! You're not going to be a separate self. What do you think love is? Love is one. You're not afraid to get absorbed into me, are you? "No, you can get absorbed into me." OK. OK. I'm OK with that. I'm not afraid to show my female side. I love you. I love you.

You can't die, you can only integrate. You may want to make that the title of today's session. I can talk for hours on that. You keep trying to get out by avoiding yourself and it's not going to work. You can only ascend through inclusion, not rejection. I could use your help. I notice right away those who recognise that and begin helping. You want to leave here with me? You accept everyone here? You accept everyone that's not here?

I'm just depending on God. How about you? And you, are you depending on God? You can do it anyway you like. Join me in prayer and praise God. The One God.

Who said that calling on God is a crusade? What's the crucifixion – a crusade. A witch-hunt. You see Daryl, that we are looking at thoughts. All the thoughts you need are there – you are only playing with those thoughts. You are the maker of Battlestar Galactica. It's obvious you are the maker because all of the cues you are seeking are in there. You must have given them to yourself. Its so obvious you don't know what to do about it. We are only looking at thoughts and those thoughts have already been "thunk" by you. It's a good story.

"There's Light in my head." But remember your crown is open. Did you hear what I just said? Look at your crown – its open. Good, you're free. You can associate in your kingdom but you are free. Are you seeing me? Can you hear me? Can you feel where I'm coming from in the transition? You are already free. The door is open. You can choose to associate in that context if you like. Rule your kingdom with love or with the realisation that whatever is going on in there, you're responsible. OK?

There's really not much else I can do. I'm demonstrating the ascending and descending process. You are coming and going all the time. Heaven is your home. You come from above. Happy Birthday! You come from above. You weren't born here. Nothing is born here. If anything is born here, it's the Christ. Or you. You come from above. You come from above. You come from above. Good. A room full of saints. What's the latest word – anyone? Having just come from

above, what's the latest? The latest is "its close." There's too much light, it's becoming self-evident. Dreams are resolving – very rapidly now. I got a letter this morning: my dream is resolving. He visited here, and when he went back, his life has completely changed. What happened? His dream collapsed. It's over. You can't come into contact with this much light and not begin the resolution of your dream.

Listen to me: your dream is resolving. That's all I need to see. Take a breath and be glad. I know you feel like there's a lot more that needs to be done but you're close. You are at the end of time. How do I know? I'm seeing spirals everywhere I look. I'm seeing snakes – same thing. Is a snake a form of spiral? Why do you think we use it as a symbol – it's a perfect symbol. Are you guys OK with me? We're just looking at thoughts.

Turn to chapter 2 and read section 6, last paragraph. The reason Jesus wrote it in English is because the English are the last ones to get it. Listen, those of you in transition, Jesus is talking to you:

Everyone experiences fear, and nobody enjoys it. Yet, it would take very little Right-thinking to know why it occurs. Very few people appreciate the real power of the mind. Nobody remains fully aware of it all the time. This is inevitable in this world, because the human being has many things he must do, and cannot engage in constant thought-watching. However, if he hopes to spare himself from fear, there are some things he must realize, and realize them fully, at least some of the time. The mind is a very powerful creator, and it never loses its creative force. One more time. The mind is a very powerful creator, and it never (never!) loses its creative force. It never sleeps. Every instant it is creating, and ALWAYS as you will. It is hard to recognize that thought and belief combine into a power-surge that can literally move mountains. It appears at first glance that to believe such power about yourself is merely arrogant, but that is not the real reason why you don't believe it. People prefer to believe that their thoughts cannot exert real control because they are literally AFRAID of them. This DOES allay guilt, but at the cost of rendering thinking impotent. If you believe that what you think is ineffectual, you may cease to be overly afraid of it, but you are hardly likely to respect it, either. The truth is that there ARE no "idle thoughts". (one more time) There ARE no "idle thoughts".(one more time) There ARE no "idle thoughts". ALL thinking produces form at some level.

You come from above. You can't think anything wrong. You come from above. The only mistake you could possibly make is believing you are an effect of your effects. Can you hear me? (Daryl: Can you say that one more time please) The only mistake you could possibly make is believing you are an effect of your effects. Good. I come from above. I am the Light of this kingdom. Absolutely.

Why does it seem so easy all of a sudden? Because its time! Say to me, there's no room in my mind for any thought other than the thought of God. Whatever happens, it will be a thought of God. I'm not going to judge you. Good for you. That's the kind of dreamer I like to see. I like to see the kind of dreamer that's allowing God to dream the dream. That's the dreamer you can trust. Nice to be felt.

You're not guilty. Your Father loves you – he's not judging you. You are starting to see. He's not even going to ask you where you've been. He doesn't care. Good or bad. I'm just trying to show you the disposition that's necessary in order to let love in. I'm not guilty. No wonder you feel

locked up in your body. I don't know what you are talking about. God loves you. He's not judging you. God loves you. Sooner or later you let love in. That's all the preparation you are doing. I'm showing you the disposition that's necessary to let love in. You think its death, but its integration. It's you forgiving yourself. I love you. Your mind is coming whole. What about the body? It's only a form of expression.

Daryl: I only want Your thoughts.

Just breathe. You're not sick, you're just in love. That's why you can't stay in the world. Thanks guys. Everyone OK?

Everyone was born in a leap year – that's why there's no trace of you in the birth records.

Thanks guys. Thank you. Thank you. Thank you. Your thoughts are not other than God's thoughts. Only you made the difference and you were mistaken. I'm glad you're here with me. We're going home together...
